Counting on the Community to Help **Our Houseless Neighbors**

ALEA Bridge and the Wahiawa Homeless Alliance, with the leadership of Representative Marcus Oshiro, led the efforts for all Point-In-Time 2017 activities in Region 5, which encompasses Mililani, Wahiawa, and the North Shore. The annual Point-In-Time is a vital part of a national process to obtain federal funding for critical housing and homeless services. The planning and through January, with the actual Count Week occurring from January 23 – 27, 2017. The volunteers surveyed our homeless neighbors throughout these communities in the early morning, afternoon, and evening hours.

We would like to thank our main partners in this huge effort: Partners in Care, HPD District 2, North Shore News/North Shore

THE SUCCESS OF THE OF THE PUPUKEA PLAY COURT PARTNERSHIP

In 2010, the Pupukea play court had the distinction of being in worse shape than any other court in the City & County of Honolulu's Department of Parks and Recreation. Seven years later, the community came together in a unique public-private partnership that painstakingly reconstructed the court and restored it to the valuable recreational asset it had been in the past. Dedicated and opened to the public at long last on January 28th, it now stands as a testimony to a long list of generous donors and volunteers.

I would like to acknowledge the people who played key roles on the reconstruction of the courts; Malama Pupukea Waimea (MPW), a 501(c)(3), working to replenish and sustain the natural and cultural resources of the Pupukea and Waimea ahupuaa, graciously accepted the lead as the non-profit in charge of donations for the rehabilitation of the Pupukea play court, with MPW volunteer Bill Quinlan coordinating the effort. Project Coordinator Cliff Laboy worked tirelessly, in cooperation with the City's Department of Parks and Recreation and many small businesses and community members, to save the Pupukea play court and to demonstrate what can be done when people take the initiative.

Without the help of the following people, the final cost of the project would have been prohibitive. Mahalo nui to those who made significant contributions to the project: Michael Newman who started the movement by challenging the City's claim of asbestos as a reason for not saving the court; Dwight D. Burdick Construction, a general contractor who provided bonding, construction management and contract negotiations expertise; James Gonda and Coffman Engineers who provided all of the construction drawings and engineering service; Turtle Bay Resort and CEO Drew Stotesbury who provided a construction consultant through Ralph Makaiau who worked with the project management team and helped to oversee the project; Pane Meatoga Jr. and the Operating Engineers Local 3 who helped to find an asphalt contractor that made the project possible; Wayde Tsue and W.K.T. Equipment Rental who provided all of the demolition work; Charles Fujimoto and C. Fujimoto Contracting who provided surveying services along with the reconstruction of the new swale on the mauka side of the courts; Kirk Markle and Titan Industries who provided hazardous abatement and renovation services; Erik Rhinelander, General Manager of Maui Kupono Builders who provided the new court surface; Mildred Keawe and North Shore Fencing, the fencing contractor who provided the new fence and installation; Former Masons Ricky and Ian Tamashiro who provided all the concrete and wall repairs; Danny Green and Southern Turf Hawaii for the new grass in the mauka swale; Brian L. Deer and Bonded Materials Company for the donation of concrete mix for the construction of the handicap ramp and the new four foot fence on the mauka side of the court.

On behalf of the Honolulu City Council, I would like to once again recognize and commend the generosity of these businesses, organizations and individuals for their role in the extraordinary success of this public-private partnership.

Malama Pupukea-Waimea Expands our Native Hawaiian Plant Coastal Restoration Project at Sharks Cove!

In 2015 Malama Pupukea-Waimea (MPW), in strong partnership with Department of Parks and Recreation City and County of Honolulu (Parks), started our Native Hawaiian Plant Coastal Restoration Project at Sharks Cove to address sedimentation to the Pupukea Marine Life Conservation District. In phase 1 and 2 of our project, MPW volunteers planted over 4,500 native Hawaiian plants like 'Ulei, Pohinahina, Nehe, Naupaka, Naio, Mau'u Aki'aki, and 'A'ali'i. Native Hawaiian plants such as these are built for coastal conditions so their roots help stabilize earth and stem erosion. Additionally, these plants are beautiful and an essential component for coastal ecosystem health.

MPW is proud to announce we have expanded our Native Hawaiian Plant Coastal Restoration Project to phase 3! At our most recent community planting day, over a hundred volunteers helped us remove invasive weeds, plant over five hundred native Hawaiian plants, and pick up over 55 pounds of trash from our coastline.

Mahalo nui loa to everyone who came out on this beautiful day to help! These plants will help reduce erosion which will increase the health of the coral reef below. A special mahalo goes out to: Pae 'Aina Landscaping LLC, Waimea Valley's Botanical team, Kapiolani Community College's Hospitality Program students led by Palakiko and Miss Na'i McCarthy, Representative Sean Quinlan, Limahuli Garden and Preserve's Kawika Winter and 'ohana, Sam Vaughs, and everyone else who helped make the day a success!

MPW is always looking for volunteers and folks willing to help us keep our Native Hawaiian Plant Coastal Restoration areas weed free. If you like working with plants, landscaping, weeding, or if you just like being in the dirt, join us to help save the coral in the Cove! If you would like to kokua, let us know, or just come by our outreach tent at Shark Cove any Saturday. We'll supply the tools and gloves! More information at: pupukeawaimea.org

Senator **Gil Riviere**

Serving Oahu's North and Windward Shores

Brief Updates

The lunch wagon development at Shark's Cove has received another notice of violation from the Honolulu Department of Planning and Permitting (DPP). Over the last couple years, the property owners rapidly expanded the number of businesses and activity on the property, allowed or built various fences, platforms and other structures, illegally graded the land, and installed a wastewater system without valid permits. The fines are now about \$68,000 and continue to grow daily.

Na Pua Makani plans to build new wind turbines as tall as 66 story buildings less than a half mile from Kahuku Town and the Public Utilities Commission is holding a special hearing in Kahuku. The public is invited to comment on the 23 additional poles and transmission lines needed to connect the project to the grid. This may be the last opportunity for our community to comment directly to the PUC on Na Pua Makani's plans. The hearing will be at Kahuku High & Intermediate School on February 2, beginning at 6:30 p.m.

The Honolulu Planning Commission is considering an application to rezone a parcel on the central Haleiwa wetland from agricultural to urban. The land is part of a project called Haleiwa Plantation Village in which Scott Wallace proposes to develop and sell 29 residential lots at the end of Kilioi Place.

I testified against the land reclassification and zoning changes because I oppose development in wetlands and flood prone areas. The hearing will continue on March 15, 2017. Testimony on Zone Change Request 2016/Z-7 can still be submitted by fax to 768-6743 or mailed to Planning Commission, 650 South King Street, 7th Floor, Honolulu, Hawaii, 96813. Project details are online at http://www.honoluludpp.org/Planning/ZoneChanges.aspx

The Legislature is back in session and Mayor Caldwell is pushing for a permanent extension of the rail tax to pay for the horrendously overbudget rail project. My position two years ago, when the project was "only" \$910 million in the hole, was that we should not extend the tax until HART demonstrated some fiscal restraint or a viable alternative. Of course, that was not done, the tax was extended and the cost is now more than \$4 billion over budget.

Our rail project is now the highest cost overrun, by percentage, and by mile, in the history of national transportation systems. Throwing endless money at the project, without any accountability, is

unacceptable.

A controversial bill that would allow Death with Dignity, or Assisted Suicide, depending on your point of view, may pass this year. Please let me know your thoughts or experiences in dealing with this tough question.

My phone number is 586-7330. My email address is SenRiviere@capitol.hawaii.gov. If you still use a fax, you can transmit to 586-7334. Follow news like this on FaceBook or online at SenatorRiviere.com. Please visit us in Room 217 at the Capitol; or let's talk closer to home, maybe the next time we pass in the street. Mahalo.

Representative Lauren Matsumoto Serving You in District 45

Aloha Friends and Family!

On Wednesday January 18, the Hawaii State Legislature opened for the 2017 session. It was a wonderful day full of great people, discussion, and outstanding local food. With each new session that begins, we as legislators are faced with a new set of constituent issues and recommendations to introduce and consider. Every session it is my objective to push for legislation that best represents the general public of the state of Hawaii. During opening day, the Speaker of the House, Joseph Souki, laid out his priorities for this upcoming legislative session. Speaker Souki's ideas for the upcoming session included: extending the general excise tax to aid in continuing to pay for the rail system; the possibility of elevated toll roads here in Hawaii and emphasizing coordinated transportation efforts with bus travel; and physician assisted suicide.

In his speech Majority Leader Scott Saiki highlighted the new incoming freshman in his speech saying, "I want to emphasize that the freshmen members epitomize the best characteristics of your Majority Caucus. They are diverse, have ideas, and are resilient. They are a team. They aspire to be leaders, and not politicians. They want to be constructive and to find common ground on some of our most pressing challenges, which we know include the state's finances, public infrastructure, climate change, public schools, the economy, health care, and affordable housing." He reminded house members that their districts are the smallest units of government and are closest to the people and therefore need to take note of the pulse of what people are really thinking.

Minority Leader Beth Fukumoto also spoke at length highlighting that we as a legislature need to focus on the high cost of living. Fukumoto stated, "I speak for a growing demographic in this state who can no longer afford to live in a place that we grew up in and love. For us, Hawaii is not just paradise, it's our home and we can't afford it anymore." Rep. Fukumoto also discussed the importance of limiting long term tax hikes in areas such as transportation to avoid raising our already high cost of living. Shea made the case that if we can address the issue of cost of living we can begin to make Hawaii a more desirable place to live and curb the amount of local people who are leaving for the mainland in search of more opportunities. She concluded by pointing out we have the possibility to create those same opportunities here if we are courageous enough to step out and take risks to do whats right for our state.

Given the issues that Speaker Souki, Majority Leader Saiki, and Minority Leader Fukumoto broached on opening day, it is evident that 2017 will

have many hard hitting and controversial issues being heard in the legislature. It is important to recognize the impact of each bill and take into consideration how it would influence our citizens both positively or negatively if signed into law. I encourage everyone to weigh in on the many bills we will be hearing this session through official testimony. If you would like more information as to how to submit testimony, the Public Access Room website http://lrbhawaii.org/par/outlines a step by step process. As always, please feel free to contact me if you have questions or concerns about happenings in our legislature and or community. You can call me at (808) 586-9490, email RepMatsumoto@Capitol.Hawaii.gov, or visit RepMatsumoto.com.

Identifying "Important Agricultural Lands" IAL Project

By Choon Jame

Some landowners of ag-zoned parcels in Oahu received the "NOTICE TO AFFECTED LANDOWNER IMPORTANT AGRICULTURAL LANDS (IAL) PROJECT" dated December 29, 2016 from the Honolulu City and County's Department of Planning and Permitting.

That December 29, 2016 letter was probably the first time that these landowners had heard about "IAL".

Two meetings were made available to the public. One was held in Kapolei and the other was on January 17, 2017 at the Hale'iwa Elementary School Cafeteria.

Why is the city doing this IAL Project?

Scott Ezer, the consultant hired by the city and county, framed the impetus for this IAL Project as follows:

"To ensure that the best of Oahu's high-quality farm land is protected and preserved for long-term agricultural use – great lands, for great Oahu farms. The term "Important Agricultural Lands," or IAL, is a State land use designation that identifies highquality farm land to be protected and preserved for long-term agricultural use. In compliance with the State law (Hawai'i Revised Statutes, Chapter 205), the City and County of Honolulu Department of Planning and Permitting (DPP) is conducting a mapping project to identify lands on O'ahu that meet the statutory requirements for consideration as IAL. DPP is seeking input from landowners, farming interests and residents about the type of land to include in Oahu's future inventory of agricultural land. The maps produced as a result of this effort will be submitted to the Honolulu City Council for review and adoption by resolution, before being sent to the State Land Use Commission for final approval."

Ouestions:

If the intent was to "promote agriculture and the conservation of productive agricultural lands in the State", why exclude the 1,555 acres of fertile Aloun Farms (Ho'opili) which contributed 30% of greens to Oahu and has 4 –season plantings.

Why exclude 760 ag-zoned acres in Koa Ridge? If its intention was to allow tax credit and incentives, why not offer to ALL farmers?

Does IAL appear to favor the large landowners? What happens to the 50% of the large landowners' agricultural lands that CANNOT be designated as IAL?

What happens to all the other agricultural lands that are NOT designated as IAL?

Why are some steep agriculture lands designated as IAL while other fertile lands not designated as IAL?

Some landowners of ag-zoned parcels in Oahu Why were some landowners not initiated by DPP vived the "NOTICE TO AFFECTED LANDOWNER while others were?

Why is DPP now unilaterally placing small ag-zoned landowners into this IAL Project instead of allowing the small land owners to opt into this IAL Project?

Contradictions:

There are contradictory premises in this process. The following opens a little window into some background of this IAL Project:

"According to people familiar with the legislation, this limitation was a last-minute addition that undermines the intent of the act and the need to protect contiguous blocks of land. The Hawai'i Chapter of the Sierra Club noted on its website, "The final bill...contained an 11th-hour amendment – inserted at the behest of large landowners – which prohibits the state from designating more than 50 percent of any landowner's farmland as 'important' unless they request it be designated as such. The Sierra Club believes that the final bill falls far short of what was envisioned by the state constitution and will fail to provide adequate protection for Hawai'i's important farmlands."

The Land Use Research Foundation (LURF), which often represents the interests of large land-owners before the Legislature, did not respond to inquiries about the 50 percent limitation by press time. However, the measure undoubtedly gives LURF's constituents who want to develop their ag lands more flexibility. For example, in its 2006 annual report, Alexander & Baldwin notes that of its 59,320 acres of agricultural or pasture lands and 29,270 acres of conservation lands 8,700 acres have "urban potential." Hawaii Environment Report Feb. 2008.

Adopt a Park This Year!

Anyone who visits one of our city parks or beaches knows that there is always something that could be done to make the environment cleaner or nicer. But did you know it is easy to adopt a park? With one phone call to Clinton Jamile, "C.J.", at the City & County Parks Department, you can be on the way to a better maintained park. A person, group or company can adopt any City & County Park.

The parks are for everyone to enjoy. When you adopt a park, you raise the standard of maintenance and gain a sense of community pride. The voluntary job may include: graffiti removal, rubbish removal, weeding, or the repainting of picnic tables and ash cans. For litter and graffiti, the City requests how often you will be able to commit – monthly, quarterly or annually.

The North Shore Chamber of Commerce is going to help. The organization will create a webpage under "Community Resources" on their www. gonorthshore.org site website and list all the adopted and un-adopted parks and how you can help them. A schedule of annual and future park cleanups is being developed. As soon as the information is gathered, the Chamber will post it. For more information, please call Ed Korybski, Executive Director at the Chamber at 637.4558 or email at ed@gonorthshore.org

Haleiwa Outrigger Canoe Club

Aloha, it's paddling season again! Since outrigger canoe paddling is the official state team sport of here in Haleiwa.

We are Haleiwa Outrigger Canoe Club: a non-profit organization dedicated not only to perpetuating the sport of outrigger canoe paddling, but also serving the community we live and play in.

Haleiwa Outrigger is a steward of Haleiwa Beach Park Mauka. We take part in beach cleanups and are active in charities that feed our homeless. We also work with domestic violence shelters and Operation: Toy Box.

Our canoe club is dedicated to expanding and enriching the lives of our members on and off the water. We feel that service to our community benefits the well-being of all parties involved.

Paddling gives you the opportunity to make lifelong friendships with people from all walks of life. All ages are welcome! This is a sport you can do with the whole family. We have keiki that start at ten years old and adults that compete all the way up to our rocking masters 60's! We encourage both social and competition memberships in an effort to support the needs of our community.

HOCC is located at Haleiwa Beach Park across from the Beach House Restaurant. We provide all the equipment you need to get started!

Our Open House is on Saturday, February 25th Hawaii, there's no better place to paddle than right at 8:00 a.m. We would love to see you there! Aloha! You can contact us at haleiwaoutrigger@gmail.

Optimysstique: a Practical Guide to Keeping the Country Country. Globally & Locally

ies, agriculturalists, healers, dancers and entrepreneurs for the 11th annual Optimysstique festival February 18th-21st. This transformational festival brings together the diversity of Burningman, the spiritual & yogic ethics of Bhaktifest, the eco-consciousness of Bioneers, the musical inspiration of Coachella, and a uniquely Hawaiian farm-to-table food experience, to deliver a truly magical weekend. "Optimysstique" is a positive approach to better living through entertainment, education, awareness, wellness, and inspiration. It seeks to draw upon our limitless human potential to better our world.

Enjoy live music from Quadrophonix, Taimane, Tommy Osuna, Jerome James, Paul Izak, Good Foot, and Jungle Rocket, as well as Dj's from the Dirty Feet Crew, Chance King, and other national and international musicians. The festival aims to highlight Hawaii musicians who have respect for the environment and inspire the world to view Hawaii as a place to be revered for its' natural beauty, allure, and abundance of food and natural remedies right outside our doors. Beyond music, the festival features hands on workshops including clothing swaps, sewing, seed sharing and plant exchange, natural + DIY spa products, as well as interactive food experiences, medicinal plant walks, and 3 exotic farm-to-table dinners on the beach.

Continuing the momentum of the "Save Sunset Beach" Coalition, both old and newer residents as well as visitors to the north shore are afforded a life changing experience that highlights entrepreneurs and cultural practices focusing on the triple bottom line and permaculture principles. There will

Join visionaries, musicians, artists, yogis, food- be locally & globally manufactured products such as vegan tennis shoes, wallets made from banana fiber, bamboo bicycles, eco-crafted tiny houses. Hear about how Bitcoin and local currencies are revolutionizing the monetary system, working to creating sovereignty for individuals and communities worldwide. The 3-day holiday weekend will be about building community, using existing local resources, and creating more sustainable diversity in our products and services to improve the quality of life for all people as well as the planet.

> Entrepreneurship expands into healing as sound baths, yoga & meditation classes, acupuncture, bodywork, elixirs and more round out the experience; all seek to offer alternatives on what may be possible to create a more holistic and fulfilling life. Optimysstique is where wellness can be connected to the environment and the economy. Practicality expands beyond the traditional vision of the economy; quality of life, land, and relationships are equally represented and valued.

> Whether you are a local, or a visitor coming from Bejing or LA, come join us for this festival on the north shore educating and inspiring people with practical, hands on solutions to many of today's global & local problems in a festive environment. Imagine Optimysstique......& keep the country FUNKY!

OPTIMYSSTIQUE FESTIVAL: FEB. 18-21 at Camp Mokule'ia. Visit optimysstique.com for more details & tickets.

Hawaiian Electric Companies and Nissan Offer Utility Customers \$10,000 Rebate on a New Nissan LEAF® Sedan

The Hawaiian Electric Companies and Nissan North America are offering electric utility customers a \$10,000 rebate off the manufacturer's suggested retail price on the all-electric Nissan LEAF® sedan at participating dealers. Customers of Hawaiian Electric, Maui Electric and Hawai'i Electric Light Companies who buy a new 2016 or 2017 LEAF S, SV, or SL can receive the rebate at purchase by presenting their electric bill and the flyer available at hawaiianelectric. com/nissanleaf. The offer expires March 31, 2017, or while supplies last.

"This is an example of our efforts under the Drive Electric Hawai'i initiative to accelerate clean, cost-effective, electric transportation in Hawai'i and move us closer to achieving the state's goal of 100 percent renewable energy," said Shelee Kimura, Hawaiian Electric senior vice president for business development and strategic planning. "We're excited to offer our customers this opportunity to save money, reduce tailgate emissions and help break our state's dependence on fossil fuels."

Combining the special rebate and \$7,500 in federal tax incentives, utility customers could save up to \$17,500. The 107-mile range 2017 LEAF, which

needs no gasoline, no oil changes and very little maintenance, has a list price starting at \$30,680.

See your participating Hawai'i Nissan dealer for details. Find a dealer near you at nissanusa.com/nissandealers/location/.

Rubbish or Recycle

If you haven't received one yet, new telephone books are being distributed this month. The books should be placed in a rubbish bin instead of the recycling bin. When placed in the rubbish bin, the books will be used as fuel for the H-POWER waste-to-energy facility. http://www.opala.org/solid_waste/what_goes_where_table.html

If you do not want the books delivered, you could chose to "reduce" see site http://www.opala.org/solid_waste/archive/Reuse.html

Barron Mamiya & Zoe McDougall Sunset Pro Junior Champions! Photo: banzaibetty.com

North Shore Wireless Betty Depolito / Banzai Productions

THE SUNSET JR. PRO

North Shore surfers Zoe McDougall and Barron Mamiya were stand outs at the first event of the WSL season in Hawaii. The Sunset Pro Junior scored perfect 6-8 foot surf that was consistent all day and both surfers found solid waves to preform on over-powering their opponents in their finals. McDougall just turned 17 and was super happy about the win. "Im so happy to win at my home break in good, sizable conditions, I couldn't imagine a better day." Mamiya on the other hand expressed his love hate relationship with Sunset. "I don't usually ever do good, but last year I kept working...then finally I started getting it and understanding it more." Congrats to all the juniors! Results follow. Men's: 1st Barron Mamiya 2nd Finn McGill 3rd Kauli Vaast, 4th Cody Young Womens: Zoe McDougall 2nd Brisa Hennessy 3rd Summer Ivy 4th Gabriela Bryan

VOLUNTEER AT MALAMA PUPUKEA

Congratulations to Isma "Mo'i" Paleka! Malama Pupukea-Waimea named him as the 2016 Volunteer of the Year. In addition to clocking 33.5 volunteer work hours with the Native Hawaiian Plant Coastal Restoration Project, he also brought his coworkers from Maui Divers to kokua. Moʻi always brings Hinano, his daughter because he loves working side-by-side with her to help care for, educate about, and protect our special place. Malama Pupukea is looking for more volunteers. They need dedicated volunteers to help with Community Outreach efforts each Saturday at Sharks Cove. Volunteers help set up and break down, and help educate visitors about reef etiquette, coral ecosystems, rules and regulations, and much more! Training is provided on-site. The Native Hawaiian Plant Coastal Restoration Project is on going thanks to a generous grant from LUSH Cosmetics, there will be another Community Planting Day to help reduce erosion onto the coral reef below. Contact them at their email pupukeawaimea@gmail.com. Malama Pupukea works to replenish and sustain the natural and cultural resources of the Pupukea and Waimea ahupua'a.

PAKALOHA TEAM RIDER NATALIE TIRALONGO RACES TO VICTORY

Congrats to Natalie Tiralongo from Waialua. She recently won a difficult SUP race in extreme wind conditions. The race was part of the Kanakaikaika

ZOE MC DOUGALL AND BARRON MAMIYA WIN Racing Association. The Island Air Ocean Racing Series was held from Kialoa to Kaimana Beach on January 22 and it was super windy. Tiralongo was the first women in with a time of 1:29:56. "It was an amazing downwinder, it was howling," she said after the win. Tiralongo is just 18 and was on a stock 14 footer. She also won the Surf n Sea Race last season which was a three part race featuring a sprint on the inside. This Wahine has a long future ahead of her!

Humpback Whales Ocean Count

On January 28, 2017 a total of 70 whale sightings were seen during 10:00 a.m.-10:15 a.m. from 48 sites statewide.

Waialua High & Intermediate School - Bulldog PRIDE Giving Project Striving for the Best for Our Students

The Waialua High & Intermediate School Library Learning Center wants to improve literacy & student achievement by providing our students the very best education. We want to work together with you to support the future of our community and what better way to start than to provide the best for our children. Currently with limited funding from the State, students have to share resources and many books are outdated. Teachers need more laptop computers, books,

PE equipment, basic supplies, and curriculum resources for Math, Health, CTE, English, Social Studies, and Science. Many students would also like to check out a computer from the Library because they do not have computer access at home to complete assignments. We are striving towards moving into the 21st Century to better prepare students for college and careers. We want our students to have PRIDE and be Prepared, Respectful, Involved, Dedicated, and Excellent! The Bulldog PRIDE Giving Project has a prioritized list of needs from the teachers. Thank you to top Bulldogs-Dupont Pioneer, Hawaii Public Schools Foundation, and the Turtle Bay Foundation for their generous grants to kick off the start to a great 2017! Please join us in helping our school, community, and our future by supporting the Bulldog PRIDE Giving Project.

How You Can Help? Contact the WHIS Library Learning Center. We are looking for donations, volunteers, and career guest speakers. Monetary donations of any denomination are gratefully accepted & will go towards purchasing laptop computers, textbooks, ebooks, library books, & PE equipment.

<u>BE A TOP BULLDOG!</u> For a donation of \$300 or more, a small plaque will be inscribed with your name on the Mt. Ka'ala Bulldog PRIDE Top Dog wall in the Library where we are Striving for the Best to the Highest Peak!

For more information or if you would like to volunteer, donate, or make a suggestion/comment: contact Judy Tanabe-WHIS Librarian/Waialua Bulldog PRIDE & Giving Project Coordinator Waialua High & Intermediate School 67-160 Farrington Hwy. The North Shore News is published every other Wednesday and mailed free of charge to all North Shore homes and businesses. Extra copies may be obtained at our office.

PRESS RELEASE POLICY: Submit press releases in person, mail or email to Editor, North Shore News, 66-437 Kam. Hwy., Suite 210, Haleiwa, HI 96712. Please type your releases and keep them shorter than 200 words unless they are of an unusual news interest. Releases should be viable news stories and are published on a space available basis only, with priority given to those received in our office first. You may attach photos. We are not responsible for the return of any photos. All materials are submitted at owner's risk. We reserve the right to edit and/or refuse all submissions including advertising.

EDITORIAL POLICY: We welcome articles and letters from our readers. Letters to the Editor are published on a space available basis only and preference is given to shortness of length, and quality of content. We prefer to run not more than one letter, per person, per 6 month period. Letters subject to edit.

Views expressed by our contributing writers and advertisers do not necessarily reflect the view of the management and staff of the North Shore News. All rights reserved. Reproduction in whole or part without permission is prohibited. © 2017.

#EmptyBowlHawaii

TICKETS AVAILABLE AT

get your fill. Fill a need.

Empty Bowl Hawai'i is a unique event where artists and chefs get together to help support food security and end hunger. Each ticket purchase includes soup, bread and a bowl. Select from thousands of beautiful bowls created by local potters and community members. Each bowl is meant as a keepsake to remind us of the reality that each day someone goes hungry and a bowl is left empty. You'll also be able to choose from a variety of gourment soups made by local Chefs.

The Hawai'i Potters' Guild started Empty Bowl Hawai'i in 2009 as a biennial event in conjunction with the 42nd anniversary exhibition at The ARTS at Marks Garage. Since then, the event has grown to a over 5,000 bowl effort. This year's beneficiary recipient is Aloha Harvest, a non-profit organization that rescues quality, donated food and delivers it free of charge to social service agencies feeding the hungry in Hawai'i.

Participating Restaurants:

12th Ave. Grill, 40 Carrots, Highway Inn, Hula Grill, KCC Culinary School, Pili Group, MW Restaurant, Side Street Inn, Sushi II, The Nook, Tiki's Grill & Bar, Mahina & Suns, Real A Gastropub, Mariposa, Koko Head Cafe, Pig & the Lady, Juicy Brew, ChadLou's Coffee & Tea, Murphy's Bar & Grill and more!

Hawai'i Potters Guild Members:

Students from local schools, Jack Lewin, Leah and Bob York, Mark Kuhn, Jean Garry, Emily Lee, Janet Kelly, Fuki Ikeuchi, Holly Oyadomari, Gemma Yamamoto and many, many more!
