Carole Beller Photo: NSN

Iconic Hale'iwa Signs Get an Uplift

Every couple of years part-time Hale'iwa resident creator and caretaker Carole Beller repairs and touches up the popular Hale'iwa signs (one boy and one girl).

In 1996 the town commissioned Carole to create three signs. She made three surfer boy signs which soon became frequent targets for thieves and vandalism, within a month two signs were stolen simultaneously the signs were later recovered on the side of the road. Once again two signs were stolen but never recovered. In 2006, with only one boy sign left Carole decided to make a surfer girl sign which is posted on Kamehameha Hwy. and often seen with tourist posing for pictures. Other signs created by Carole include the North Shore Marketplace sign, Global Creations, Raging Isle, Tropical Rush and Wyland Whale tail signs.

OFF da Island in Seattle, Washington

Corinna Gandara and her daughter Milla from Waialua took a trip to Seattle during spring break. They stopped for coffee at the original Starbucks opened in 1971. Corinna brought along a copy of the North Shore News to remind her of the good times back on Oahu's beautiful North Shore. For more information on the OFF da Island campaign turn to page 23.

Does the North Shore Need Another Church?

By Kent and Mary Shepherd

Harbor Church is a rare jewel on the North Shore. It's not just the fact that the members greet you at the door with smiles and coffee and are genuinely happy to be there. The uniqueness of this Church is revealed in much more than this.

First, Pastor John Boehm is committed to preaching the Gospel of Jesus Christ every Sunday. He honestly speaks about the sin and brokenness of mankind and he firmly points to Jesus as the only solution. John's messages constantly draw listeners to the overwhelming grace found at the cross of Jesus Christ as the only means to healing and reconciliation.

The hope that John points out week after week is not in any human will, self-help tips, or "feel good" spirituality. Instead he unapologetically points to the supernatural power of the resurrected Christ as the sole possessor of God's grace in salvation.

Second, they don't only do "church" related things on Sundays. They have a very focused and intentional community life where the members pursue holiness and live out the gospel every day of the week. They meet in home groups together, and in separate women's and men's groups, to study the Bible and be accountable to one another.

Another one of the goals of Harbor Church is to

reach their neighbors with the truth of the gospel. They have a clear understanding that truth is not contained in words alone, but also in action. This happens through hosting events such as spaghetti dinners at the Waialua Kupuna Homes and clothing swap meets to bring people together as a means to share the love of Jesus.

If you were to ask them what the main purpose of everything they do is, the answer is simple and yet profound all at once – "to bring God glory". They recognize Him as their creator and sustainer, ultimate authority, beloved Savior, and eternal hope. They absolutely, without question, seek to glorify Him and to help others see Him for who He truly is.

The North Shore needs a church that is "In the country, for the county," that proclaims the hope of Jesus and shares His love. Harbor Church North Shore is doing just that, and we recommend you pay them a visit if you are looking for a church that is lovingly standing firm on the eternal truth of the gospel in these ever-changing times.

Make 9-1-1 Aware with Smart911

Aloha!

As health care delivery models transform, from urgent care centers to telemedicine, a more patient-centered continuity of care is expected for communities. Many individuals have received the benefits of Smart911 and you can too! The service has been invaluable residents and businesses. Simply, Smart911 offers a free and effective way to communicate with public safety in advance of an emergency.

Smart911 provides First Responders with a "safety profile" of the caller, in order to facilitate a more efficient, better informed response. Smart911 is a public-private partnership, that creates a database which integrates with the 911 system. The caller's safety profile is immediately displayed during a 911 call, and information such as existing medical conditions and disabilities, locations of bedrooms, residents with special needs and even if pets are in the home, offer emergency medical technicians important insight into the situation. Smart911 also allows the dispatcher to pull up medical information including allergies, heart conditions, and medications. Additionally, police benefit by knowing from the safety profile if the caller has been threatened previously, and officers have access to photos of children and their personal information should they go missing. The Honolulu Police Department unveiled the new system that gives 911 operators more information, more quickly, when an emergency happens. Oahu residents can go to a website to fill out a profile with information that could help in a medical emergency, a fire, or a crime. For more information, please contact the HPD Communication Division at (808) 723-3112 or for community presentations regarding Smart911, people can sign up at www.HonoluluPD.org

Residents are encourage to create their safety profile to help first responders in emergencies. This information could be the difference between life and death. The data is private and secure, and will only be used for emergency purposes and made available only during an emergency call.

Smart911 could save lives in an emergency situation. It saves precious time when every second counts. This is an innovative approach to enhancing public safety. Ready to get started? Along with 32 million people worldwide already receiving the services, you too can sign up today, www.smart911.com

com

As always, please feel free to contact me if you have any questions or concerns about happenings in our community. Call me at (808) 586-9490, email RepMatsumoto@Capitol.Hawaii.gov, or visit Rep-Matsumoto.com for more information.

State Representative
Feki Pouha
Serving You in District 47

Aloha!

The 2016 Legislative Session ended just over a month ago. Although we had another productive year at the Hawaii State Legislature, there are a number of issues that still need to be addressed, both in our district as well as statewide. I remain committed to working and collaborating with community members, businesses, organizations, state agencies and my fellow legislators to help our district and state move forward together.

A total of 272 bills were passed by the Legislature this session and subsequently sent to the Governor for approval. While 219 bills are currently Pending Governor's Action, 51 bills have already been signed into law by Governor Ige. 1 bill (SB2181 SD2 HD2 - RELATING TO ACCESS TO TREATMENT FOR TERMINALLY ILL PATIENTS) has been vetoed by the Governor. Below is a summary of selected bills which have been signed into law so far:

ACT 10 (HB2494) RELATING TO BLOOD GLUCOSE MONITORING. Authorizes DOE employees to volunteer to administer or assist a student with blood glucose monitoring.

ACT 16 (SB2312) RELATING TO THE PENAL CODE. Expands the definition of the term "sexual conduct" as that term is used in the offenses of promoting child abuse to include specific types of conduct. Amends the definition of "sexual conduct" as that term is used in the offenses of promoting child abuse and obscenity to repeal references to homosexuality and lesbianism.

ACT 25 (SB305) RELATING TO USE OF TOBACCO PRODUCTS AND E-CIGARETTES ON HAWAII HEALTH SYSTEMS CORPORATION PREMISES. Prohibits the use of tobacco products and electronic smoking devices on the premises of Hawaii Health Systems Corporation facilities.

ACT 34 (SB2916) RELATING TO PUBLIC SAFETY. Includes misdemeanor offenses under chapter 134, Hawaii Revised Statutes, relating to firearms, ammunition, and dangerous weapons, to the offenses that disqualify retaken and reimprisoned parolees from provisions regarding reincarceration and credit for time served.

ACT 44 (SB2383) RELATING TO THE HAWAII HEALTH CONNECTOR. Repeals the Hawaii Health Connector (Connector) as part of the transition to a federally supported, state-based exchange. Specifies that any debts and liabilities of the Connector remain that of the Connector and do not constitute the debts and liabilities of the State. Specifies that

the provisions in the measure shall not diminish or limit the consumer protections contained in or alter the provisions of the Hawaii Prepaid Health Care Act.

ACT 46 (SB2315) RELATING TO JURY DUTY. Exempts from jury duty a woman who is breastfeeding or expressing breast milk for a period of two years from the birth of the child.

ACT 47 (SB3126) RELATING TO PUBLIC SCHOOLS. Provides for air conditioning, heat abatement, and related energy efficiency measures at public schools by appropriating general funds to the DOE for these projects.

For a complete list of the bills signed by the Governor so far, you can visit www.capitol.hawaii.gov and click on the "Reports and Lists" logo located at the center of the page. As always, feel free to contact our office should you have any questions. Email: RepPouha@capitol.hawaii.gov; Phone: 808-586-6380.

North Shore Chamber of Commerce News

By Ed Korybski

Visitor & Business Services Center
66-590 B Kamehameha Hwy., Haleiwa
(Across from the Post Office)

Open Monday – Friday, 10:00am – 5:00pm

With summer right around the corner, I hope you'll stop by and visit us at the Visitor & Business Services Center, the Chamber's home and the only visitor center serving the entire North Shore.

Enhancing the North Shore Experience

The Visitor Center serves over 5,000 visitors and residents annually. Our goal in welcoming North Shore visitors is to enhance their experience and encourage responsible tourism through local insights, historical displays and cultural information, and referrals to local businesses and attractions.

For residents, we provide a wide range of fast, convenient, affordable business services (copy, fax, computer, etc.). More information and rates are available at gonorthshore.org.

Preserving a Sense of Place

Built circa 1930, the single story, gabled roof Visitor Center is a prime example of plantation-style architecture. The building housed the Mutual Telephone Company (now Hawaiian Telcom), and was the site of the telephone exchange that enabled direct dialing from the North Shore to Honolulu in the 1950s.

Originally located behind Pioneer Ace Hardware and generously donated to the Chamber by the Fujiwara family, the Chamber restored and relocated the building to its current location. With the help and support of donations, grants, and volunteers, we completed work and opened our new doors in 2010. One year later, the Chamber received a Historic Preservation Commendation from the Historic Hawaii Foundation for our restoration efforts.

Visitor Center & Chamber Volunteers

I'd like to thank our incredible team of volunteers who help make our Visitor Center – and the North Shore Chamber of Commerce – a success. We're always looking for more community members to join our team. If you're interested in volunteering at the Visitor Center or with the Chamber, please contact us at 637-4558 or info@gonorthshore.org.

Letters to the Editor

Dear Editor:

There is a robbery taking place at Loko Ea fishpond in Haleiwa. Please help stop another encroachment on the boundaries of this centuries old fishpond.

Lili'uokalani Children's Trust owns a small parcel of land across from Surf & Sea. It used to be a gas station. For income, the Lili'uokalani Trust is leasing this land to be used as a surf shop and maybe one or two other commercial interests. I believe this is an important Hawaiian/Haleiwa Cultural relic that should be preserved and enhanced. I do not understand why Kamehameha Schools/Bishop Estates/Queen Lili'uokalani Trust cannot work out some property trade such that the site is not developed and the Children's Trust can still earn income on some other property provided by Bishop Estates. I do understand that Bishop Estates is not involved, but they own Loko Ea. I ask that Bishop Estates get off the sidelines and step onto the playing field. Remember the Haleiwa Theater? Gone, replaced by McDonald's. Remember the Salt Lake? The only Salt Lake in the Hawaiian Islands. Filled in, gone forever. Please learn more about this important theft of a rare Hawaiian Cultural artifact that is in process right now.

This issue is coming up to the Honolulu City Council for final approval June 1. Does anyone know persons of importance with Bishop Estates/Lili'uokalani Children's Trust/Kamehameha Schools/City Council that can help stop this?????????????

Help stop this cultural robbery. Time is late.

Jim Frisbie

Kaukonahua Road or Snake Road

Dear Editor:

I have noticed the past few years that there are quite a few wrecks on this road. You can tell by all the memorials on the side of the road. And now there is a new one. Just a couple of weeks after the State finished having it paved. It is so nice and smooth. Thank you State of Hawaii.

But has anyone ever noticed that there are NO warning signs that indicate winding road ahead coming north from Scholfield Barracks towards Waialua.

All there is, is a flashing yellow light right on the 1st curve.

It seems that people get a good running start down the straight away then seem to hit the curves. They usually make the first curve but loose it on the 2nd or 3rd since the curves come up really fast you can see by all the memorials and dinged up guard rails. So with this new freshly paved road. My concern is that new soldiers from Scholfield will head out on they're motor cycles and kill them selves.

Please have D.O.T. put up signs. I am sure the cost of paving the road was in the 100's of thousands of dollars.

But for a few more dollars we might be able to save a life. (Isn't a life worth more then a few signs?)

By the way the first sign indicating curves ahead is on the 3rd curve.

Way to late. So please hear my concerns.

Thank You

Mark Duran

A concerned citizen

THE ARROGANCE OF ANDY ANDERSON

Dear Editor:

Now that the Star-Advertiser has exposed developer D.G.

"Andy" Anderson's violation of the permit process regarding his Haleiwa Beach House restaurant ("Bloated Expansion" by Andrew Gomes in the issue of May 29, 2016), it's time to recall that such behavior is not new to Anderson. His antics across the years indicate that he considers himself above the law.

1) To quote a story from the Honolulu Advertiser (September 5, 2002), "Anderson's impatience and perhaps some arrogance were on display in 1983, when the city ordered him to stop work on a restaurant-retail complex in Waikiki because he never obtained building permits for the project." He pleaded no contest. His punishment was a slap on the wrist: a \$900 fine and 75 hours of community service.

2) In 1999, his plans for "Kewalo Pointe," a development at Fisherman's Wharf, included a 130-foot high, oceanside Ferris wheel, were rejected by the Hawaii Community Development Authority.

3) In 2004, he had another vision for the same locale: a trade center that would be designed to resemble a huge canoe, with Hokule'a-style sails. It was rejected.

4) In 2003, Anderson developed "Sunset Colony," a 19-acre, 29-parcel gated residential fortress featuring a massive rock wall fronting Kamehameha Highway, effectively blocking access to the popular surf spot Velzyland.

5) He also (illegally) dumped a four-foot high pile of boulders in front of his personal beachfront parcel in this development.

6) As part of the development deal, he agreed to include a public park at "Sunset Colony." He created a tiny park with nine parking spaces. Because the City & County declined to place a lifeguard station at the beach, the park never opened and the public has been denied access for the past 13 years. (Blake McIlheny wrote an excellent piece on the lack of progress with the park in a recent edition of the North Shore News.)

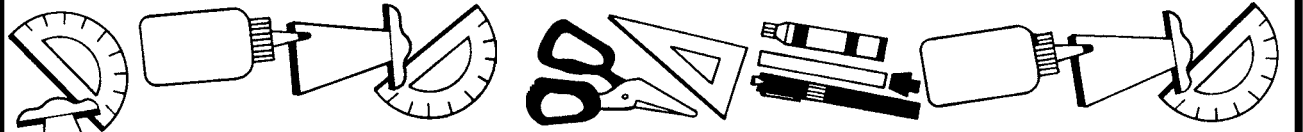

7) In 2010, he attempted to acquire land designed for the expansion of Haleiwa Beach Park to build an enlarged replica of the 1899 Haleiwa Hotel. It would have involved privately acquiring public property zoned for expansion of Haleiwa Beach Park. Thanks to North Shore community opposition, this project failed to fly.

8) But Anderson had already purchased Jameson's restaurant and the land it sat on. He expanded the seating from 114 to 388, once again without obtaining the proper permits. If you've dined there, you know that the capacity of the dirt parking lot adjacent to the restaurant is frustratingly inadequate. And newly-created parking on the mauka side of Kamehameha Highway effectively blocks views of the ocean from the ground floor portion of the restaurant.

Possibly Anderson's blatant denial of civic responsibility and subsequent immunity from stiff legal punishment is connected to his long political career. He was a Republican state representative from 1962 to 1966, and a state senator from 1967 to 1983. He was the Honolulu City & County managing director for two years. In 1968 and 1972 he ran for mayor, losing to Frank Fasi. In 1982 and 1986 he ran for governor, losing to George Ariyoshi and John Waihee. In 2002 he switched his allegiance to the Democratic Party and lost to Mazie Hirono in the gubernatorial primary election.

Given these years of government experience and long-held connections, I wonder if Andy Anderson still has friends in high places who look the other way when he continues to ignore the law? Maybe the punishment (or lack of it) for his recent violations at Haleiwa Beach House restaurant will provide us with the answer. In the meantime, the public might make a statement by refusing to patronize the establishment. I dined there once, but I'm never going back.

John Wythe White
Haleiwa, Hawaii

2016 OPERATION: BACKPACK

ALOHA

Please help our homeless and disadvantaged students with a new back to school backpack, loaded with needed school supplies.

HERE'S HOW YOU CAN HELP

\$30 dollars will sponsor a NEW backpack LOADED with school supplies according to grade. Or donate a new backpack with school supplies.

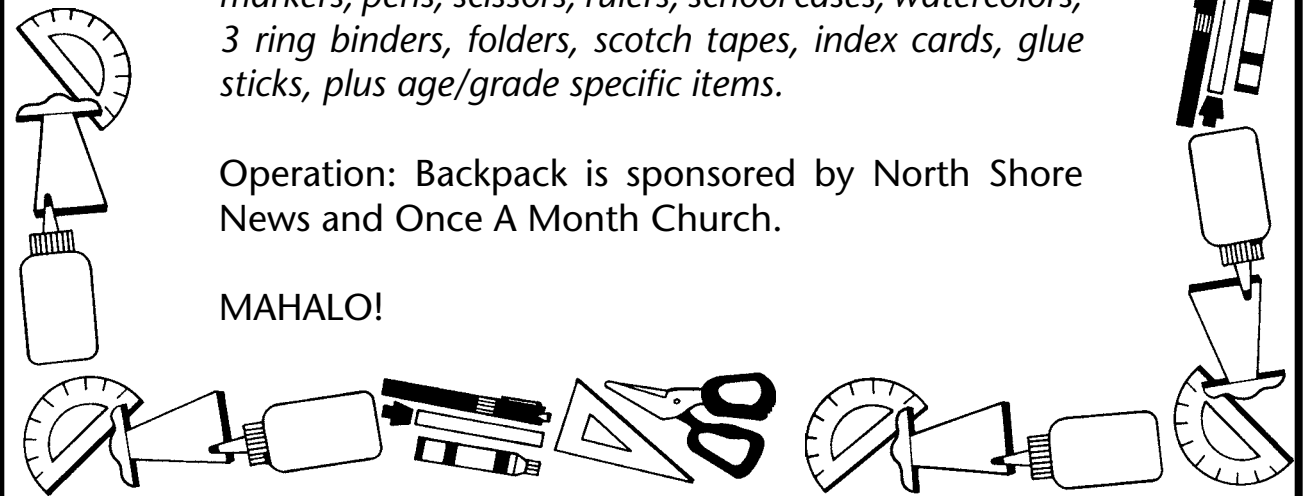

This year the Operation: Backpack team will be working with the area schools to distribute the backpacks to the students in need.

Send donations to: North Shore News or Once A Month Church, P.O. Box 117, Haleiwa, HI 96712 or drop off at the North Shore News office, Monday-Friday, 11am - 4pm. For more information or credit card donations call Linda at (808) 637-3138.

Needed Supplies: composition books, Elmer's glue, #2 pencils, crayons, erasers, sharpies, colored pencils, crayola markers, pens, scissors, rulers, school cases, watercolors, 3 ring binders, folders, scotch tapes, index cards, glue sticks, plus age/grade specific items.

Operation: Backpack is sponsored by North Shore News and Once A Month Church.

MAHALO!

Infant Swimming Resource to the Rescue!

By Lilly Barels

As a mother of two, I'm thrilled the North Shore now has access to Infant Swimming Resource, which was founded 50 years ago and is the global leader for survival swimming lessons for infants and young children (ages 6 months-6 years). I am pleased to announce that our very own home grown resident, Nina Beatty, has brought ISR to us!

Living in a community surrounded by ocean, there's no doubt that we find ourselves having fun near the water year-round. This is amazing, except when you factor in that things can inevitably go wrong. When our keiki become mobile, everything happens at lightspeed! Add a body of water and fun can quickly turn into a nightmare.

With over 45 years of research preformed by ISR, here are some things that you might not know about drowning and about ISR: Drowning can very often be silent. You can't depend on screaming or splashing like in the movies. And drowning is the leading cause of accidental death for children under the age of 4 in the United States. ISR has delivered more than 8,000,000 ISR Self-Rescue® lessons and saved more than 800 lives.

When Nina told me she was certified to teach ISR, it was a no-brainer. She's now teaching the ISR Self-Rescue® technique to my children (ages 19 months & 4 years) while they're learning to swim. I know THIS IS NOT A SUBSTITUTE FOR PARENT SUPERVISION. But I also know that as a dedicated parent, I want to be sure that in the event that something was to go wrong, my babies could rescue themselves. They're learning to float and to wait for help, or to float and swim to find their exit to safety.

Here's what other residents have to say:

"My 2-1/2 yr. old daughter went from being afraid to put her head under water to being confident

**It's not just about swimming...
It's about surviving!**

Infant Swimming Resource goes beyond traditional swimming instruction by teaching children ages 6 months - 6 years old ISR Self-Rescue® techniques, designed to help them save themselves should they reach the water alone.

**Now offering lessons in
Pupukea
& Sunset Beach!**

and able to swim unassisted in a few short weeks. Thanks so much Nina! We loved working with you and appreciate the life long skills you have taught our daughter." Amanda B., Sunset Beach resident.

"ISR was just what our 17-month old son needed to be comfortable in the water. Nina did a great job with him day after day, teaching him life saving skills and water safety sooner than we ever thought possible." Makana M., Waialua resident."

BANZAI NORTH SHORE WIRELESS

ELI TAKES THE WIN

The North Shore's Eli Olson claimed a victory in a nail-biting final against top surfers Billy Kemper, Noa Mizuno and Kaulana Apo. It was an all Hawaiian final at the Local Motion Surf Into Summer. Olson did not catch a wave for about 15 plus minutes and hustled to score. In the true spirit of the event, Olson dedicated his win to big wave surfer and friend, Aaron Gold, who had a traumatic near-drowning experience in Fiji a couple weeks ago. Gold who lives in Waialua with his family jetted over to Fiji for a 15 plus swell and wiped out on a wave. He was found inside unconscious after a two wave hold down and revived on a Tavarua boat by friends. A near death experience for sure. Gold was the biggest wave paddle in winner at the recent XXL awards and is the Guinness World Record Holder for biggest wave ever ridden!

OLYMPIC SURFING, ONE STEP CLOSER

The IOC, International Olympic Committee, is one step closer to the inclusion of surfing into the olympics. The membership will now make the final decision on the sports to be added to the 2020 Program at the 129th IOC Session in Rio de Janeiro in August 2016. The decision by the IOC Executive Board to support Surfing for inclusion on the Sports Program for the Tokyo 2020 Olympic Games has been the idea of the ISA, the International Surfing Association for years and could change the sport forever.

CHINA UEMURA

The Hawaii Waterman Hall of Fame was established in 2010 to pay tribute to the amazing achievements of Hawaii's extraordinary watermen and waterwomen, and create a record of remembrance for future generations to emulate. The Hall of Fame inductees includes legend China Uemura, 2014. Uncle China is a skilled surfer and waterman and has organized many contests and fundraisers to support Hawaii's nonprofits. He recently held a new event that supported Special Olympics, the Hawaii State Law Enforcement Surfing Classic. Team Aloha Hawaii took the team event with Moku Surf Shop in second and the U.S. Army in third. Some other top surfers included Chacy Eveland in longboard masters, Lorna Blackburn in onboard women, Do Teramae in longboard women 36 plus. Congrats to all the surfers. His events continue through the summer at Queens.

SURF N SEA / O'NEILL SUP RACE FUN!

Surf n Sea did it again having a great race with over 125 paddlers doing the paddle from Waimea Bay to the Surf n Sea Store! It was the 7th annual race and the top winners were Bullet Obra from the Big Island in first with a time of 46:54.1. James Donovan was in second and Riggs Napoleon in third, in the Kona Brew derby and Obra was a double winner. In the Women's Kona Brew derby it was new racer Natalie Tiralongo from Wailua taking top honors with Varina Amantiad in second and Jenn Lee in third. Kai Hall was first in for the prone division and congrats to Jennifer Lee, she was the first Wahine overall with a time of 53:48.3.

If you have some news and info email me banzaib@hawaii.rr.com

Bullet Obra from the Big Island winner of the Surf n Sea SUP Race & Derby rides Waimea Bay. We already miss the surf!

Haleiwa Fishpond Under Siege

The Honolulu City Council planning & zoning committee recently approved a Major SMA permit for a retail strip mall on the shores of Loko Ea Fishpond. Loko Ea is one of our greatest assets and development on land that borders this extremely sensitive habitat must be discouraged. Fishponds are centers for food production, education, economic development, cultural revitalization, and the practice of conservation based on aloha 'aina. When 90% of our food is imported into Hawai'i, it is critical we protect this valuable fishpond.

Our community recognizes Loko Ea as a cultural and ecological treasure. The North Shore Sustainable Communities Plan specifically mentions Loko Ea and the need to protect this fishpond from development. A recent public hearing at Ali'i Beach Park on the SMA permit was standing room only, with 80% of community testimony opposed to the development. Many individuals took off from work and school to attend. The intent of the SMA process is to determine if the public purpose and benefits of the development outweigh adverse effects. Public testimony cited environmental and cultural degradation, view-plane obstruction, increased traffic/parking issues, and resistance to corporate encroachment on our community.

The construction of buildings, a parking lot, a subsurface wastewater treatment system and leach fields on the shores of Loko Ea will have adverse effects on fishpond ecology. The mauka portion of the small parcel sits on the Board of Wa-

ter Supply's No Pass Zone. The BWS prohibits the installation of waste water systems in this zone due to potential ground water contamination. Run-off from the development on this low-lying coastal plain is alarming as sediments are harmful to fishponds and near-shore waters.

Developer Lokea Kai Partners and planning firm Group 70 insist the 2 tenant strip mall will benefit the community. They assert economic revitalization and vague public benefits yet lack concrete details on how a few retail jobs benefit our community. In comparison, an operational fishpond brings economic prosperity by creating new opportunities for meaningful employment, restores cultural connections to place, revives aqua-cultural methodologies, and contributes toward science and resource management knowledge. Fishponds provide an efficient and wise method to farm local fish, including the raising of limu, crabs, and oysters and provides fish to restock our surrounding reefs.

The developer/planners utilize the term "dirty use" as a description of the parcel and as a frame of reference to diminish the long and continued traditional Hawaiian use of this fishpond and surrounding environment. A gas station occupied this parcel for less than 50 years. These limited years of commercial use pales in significance to over 400 years of traditional "clean use" as a renowned, productive royal fishpond. It is time to reverse the vicious cycle of exploitation and return the landscape to its greatest, traditional use and pono resource management.

The public benefits and/or revitalization promised by the strip mall developers/planners are insignificant compared to the major socio-cultural and economic benefits of a protected and productive fishpond. Loko Ea is under siege, on both flanks, by encroaching, destructive development. Contact Council Chair Ernie Martin and the City Council members to express your thoughts before the full council vote.

New Providers & Hours at Koolauloa Health Center

By: Naty Hopewell

Koolauloa Health Center (KHC), which has 3 sites, Kahuku, Kahuku High & Intermediate School, and Hauula, has added 2 mental health providers, 3 medical providers and a pediatric dentist. The Hauula site, located at the Hauula Kai Shopping Center, is now open 8am-7pm on M, T, Th, F and 8-5 on Wed. The Kahuku site is next to the hospital and has extended its Sat hours to 8am to 6 pm.

The new services are in the area of mental health. Dr. Rodney Yamaki, a psychiatrist, will provide mental health services for children and adults two afternoons per month. In addition to practicing medicine, Dr. Yamaki enjoys collecting shells (sometimes converted into jewelry). Helen Bressler, who has a nursing degree, a Master's in Counseling Psychology and experience as a prison minister, provides smoking cessation, substance abuse counseling and marriage and family counseling. She is passionate about a holistic approach to health care, and enjoys nature, animals, writing, and yoga.

Three Family Nurse Practitioners have been added to the medical staff and work at various sites. Amy

Cummings hails from Florida and is now living in the area. Her background is ICU nursing and she recently published a book "ICU Diaries." Marcus Angulo moved from southern California. He has degrees in kinesiology and nursing.

He has experience in telemetry. He enjoys hiking, surfing, yoga, cooking and his dog. Connie Bridgeman has lived in Koolauloa since the 1980s and is working at Kahuku on Saturdays (with Dr. Navickas). She enjoys hiking, reading and gardening.

The new pediatric dentist is Shiva Basir from New York. She is a graduate of Columbia University and a certified yoga instructor. She's learning to surf, enjoys yoga and traveling. She's providing dental services at Kahuku and the Red Raider Health Center. The latter, located at the Kahuku High & Intermediate school, will now be open through the summer break. Although it began as a health center for students, it is now open to everyone in the community.

In the future, KHC will begin its mobile medical and dental outreach in its service area in Koolauloa. Look for the white van with the KHC logo

Public Schools Offering Summer Meals to All Children 18 and Younger

The Hawaii State Department of Education (HIDOE) announced that 71 public schools will serve meals through its summer food service program, Seamless Summer Option (SSO).

Beginning in early June, the SSO program will be available at public schools around the state free of charge to all children 18 years and younger. Meals will be served at select locations Monday through Friday, except June 10 and July 4.

SSO is funded by the U.S. Department of Agriculture (USDA) and was established to ensure that low-income children continue to receive nutritious meals during the summer. An eligible school must have 50 percent or more of its regular enrolled students qualifying for free or reduced-price lunches or some type of summer program on campus. However, meal recipients do not have to be enrolled in those classes to be served.

The following schools will be participating in the SSO program:

- Waialua Elementary	June 6 - June 30
- Kahuku High & Inter	June 17 - July 15
- Laie Elementary	June 17 - July 15
- Kahuku Elementary	June 17 - July 15
- Hauula Elementary	June 17 - July 15
