## Waialua High School Swim Team Makes Big Splash Winning 24 Medals

Waialua High School Varsity swimmers won 24 medals at the OIA Western Championship on January 30, 2015 at the Veteran's Memorial Aquatic Center in Waipio.

The girl's team led by junior and three year veteran Julie Sivigny out scored both Pearl City and Campbell with a total of 57 points. While the boy's squad, co-captained by senior Noah Wilkinson and junior Paul Hutchinson out pointed Kapolei, Pearl City and Aiea with a total of 39 points.

Winning 24 medals at this meet constitutes a new school record, shattering the previous one set in 2010. The WHS swim program has been coached by Bob and Karen Atwood since 1989.

*Photo: Lifeguard Chair Girls (top-bottom, l-r): Julie Sivigny, Alexa Sabatini, Gracie Rynn, Monica Willenborg, Shannon Foster, Megan McHale, Caitlin Knott. Boys (l-r): Noah Wilkinson, Paul Hutchinson, Trek Tanabe, Bobby Hauser.*

**City Council Begins Review of the 2016 Budget Proposals**

Each year from early March to mid-June, the Honolulu City Council reviews the City’s budget for the upcoming fiscal year that begins on the 1st of July. Considered the Mayor’s budget, the City administration actually introduces two separate budgets; one that contains operating costs and one on spending for island-wide capital improvement projects. This three month process, for the CIP Budget in particular, provides the public with an opportunity to suggest alternatives to the Mayor’s proposals by voicing their opinions directly to the Councilmember of their district. It is also an opportunity for Council members to respond to the concerns of their constituents. CIP appropriations, once enacted, are valid for two years.

During the budget process, Councilmembers often propose amendments to include funding to address specific district needs as well as to ensure that a number of services are being provided to the general public, such as road repair. In the coming weeks, my staff and I will be working to determine the condition of city facilities and projects in our district and the need for funds that should be included in the budget for consideration. I am pleased that the Mayor announced in his State of the City address recently that the condition of our parks is now a top priority. It has always been a priority for me and I am hopeful that the new budget can address the needs of the many park facilities in our district.

The Executive Operating Budget covers operating and maintenance costs for public facilities on Oahu. The funding for this budget comes from general fund revenue, which is derived from property taxes and assessed fees. The operating expenditures for this year’s budget totaled \$2.1 billion. Operating appropriations, once adopted, are valid for one fiscal year. For the current fiscal year, the city collected \$2.6 billion in revenue, 36% of which came from property taxes. There is also a third budget submitted by the Honolulu Authority for Rapid Transit (HART) which is funded by the state general excise tax surcharge.

The City Council is required by law to adopt a balanced budget and to adopt revenue measures that will cover the costs of the city’s budget proposals. The budget ordinances are then subject to approval or rejection by the Mayor. The Mayor must sign, return unsigned or veto the budget bills within ten days of Council adoption. If the Mayor does veto

a budget bill, the Council can override his veto if at least six council members agree to do so. The budget process may appear to be tedious and time consuming, but it is designed to ensure that City revenues are expended in a prudent and fiscally responsible manner. The taxpaying public expects and deserves no less. If you are interested in a Quick Reference Guide to the Budget Process, feel free to call or email my office for a copy or check on line at [erniemartin@citycouncil.com](mailto:erniemartin@citycouncil.com).

## Hawai'i Polo Club – 2015 Season Opens!

### Meet Polo Legends Peter Baldwin and Freddy Rice

Think Sunday, think a relaxing day in the country with moments of pulse-raising excitement. Time for the start of the Hawaii Polo Club season, March 15th at the only ocean-side polo field, Mokule'ia on Oahu's North Shore. Opening day will honor two heroes of polo in Hawaii. Honorees, Peter Baldwin and Freddy Rice, will be on hand to accept the Legends of Hawaii Polo award, watch the match and talk-story about the early days of Mokule'ia polo.

Hawaii Polo Club president, Mike Dailey, says, "These two sportsmen, along with my dad, Fred Dailey, and Bim Wilson, composed the original Hawaii Polo Club core team that reigned in the 1960s – hard-riding competitors against local teams. Every year they vied against the visiting English team with expertise that often surprised the visitors."

The Hawai'i Polo Club 2015 polo season launching on Sunday, March 15 with a new theme. In 2014 the Hawai'i Polo Club concluded 50 years of bringing exciting polo matches to Hawai'i. This year's theme is "Honoring our Past, Celebrating our Present and Preserving the Future."

The season's kickoff match, pitting Hawaii versus England, will feature a presentation by Pau Unit 'Aha Pūlama Pa'ū Holo Lio. Halftime will feature the cowboys of Halau Aha Pūlama Pa'ū Holo Lio. Paniolo music and a barbeque will follow the matches. The event will benefit Aha Pūlama Pa'ū Holo Lio.

Due to the special content of this event, gates open at 10:00 a.m. and the ceremonies begin at 12:30 p.m. Thereafter, matches are held every Sunday through mid-August with gates opening at 11:00 a.m. and matches commencing at 2:00 p.m.

Throughout the season, The Hawaii Polo Club will incorporate events that will honor the various accomplishments and contributions of the legends as well as acknowledge the legacies they have left behind and how their pioneering spirit and contributions have impacted our lives today as well as future generations to come.

The Club will continue to carry out the Legends and Legacies throughout the polo season, honoring distinguished leaders representing a wide variety of industries and facets of Hawaiian Island community, life and history. The series categories include Arts and Entertainment, Tourism and Hospitality, Broadcast and Print Media, Sports, Fashion, Philanthropy, Military, Hawaiian Culture and Cultural Diversity.

Admission to the matches is \$12.00 for general admission/\$10.00 military open field seating and \$25.00 per person for the clubhouse area. The clubhouse offers premium bar service and food service as well as reserved tables and seating options. Clubhouse seating is available for season ticket holders: \$275.00 per person or \$450.00 per couple. Info@hawaii-polo.org.

**Windward Shores**

**Confirmation Hearings, Taxes and Legislation**

I am often asked the difference between serving in the Senate and the House of Representatives. Although many of the responsibilities are similar, one big difference is coming in to sharp focus. As we know from civics class, the governor nominates his top officers, subject to the advice and consent of the senate.

Governor Ige's nomination (GM514) to Chair the Department of Land and Natural Resources has created intense opposition across the state. Several hundred email testimonials and petitions with thousands of names in opposition have been submitted, while less than 20 messages have arrived in support of Carlton Ching.

The Chair of DLNR oversees the state's natural resources, forests, watersheds, small boat harbors, fisheries, water commission, historic preservation, parks, iwi kupuna and much more. Mr. Ching is an executive with Castle and Cooke, and former president of the Land Use Research Foundation, a lobbying organization for large land owners and developers. His resume does not include any environmental advocacy or land conservation work.

The Senate Water and Land Committee will hold a public hearing to discuss and consider this nomination on March 11, 2015, in Capitol Room 229, beginning at 10 a.m. I am a member of this committee and I will be asking many questions about the nominee's experience, knowledge of the many divisions within this agency, and what he means when he says he will bring efficiencies and public-private partnership solutions to "move the needle."

Public testimony will be accepted at the hearing. If you cannot attend, but wish to share your opinion, you can submit testimony online at [www.capitol.hawaii.gov](http://www.capitol.hawaii.gov). Enter GM514 in the Bill Status search box and follow the links.

Back on the legislative front, Crossover has arrived. This is when bills pass out of each house to be considered in the opposite house. Three thousand pieces of legislation introduced by the House and Senate in January were boiled down by half last week, and this number will continue to shrink throughout the session, resulting in about 300 new laws.

Of great concern to many residents in our district is the proposal to extend the General Excise Tax Surcharge to fund the rail system beyond 2022. I am firmly opposed to extending this tax now,

and I have already voted No on SB19, which would extend the tax for another 25 years.

Remember that as recently as a few months ago, the project was "on budget." Now, the projected shortfall is \$910 million, IF future bids match estimates for the remaining 10 miles of track and 21 stations. Let's see some cost containment and a credible price before we consider writing that check.

Among the bills I introduced that are still progressing are SB 201, which clarifies single family residences used as vacation rentals are subject to the Transient Accommodation Tax; SB 204, which appropriates funds to create a North Shore Beach Management Plan; and SB 1166, which permits traditional Hawaiian burials.

Other bills of interest moving through the legislature address GMO labelling, pesticide buffer zones, medical marijuana dispensaries, land swaps to acquire the Dole agricultural lands, industrial hemp, farm-to-school initiatives, increases to invasive species programs, and much more.

As always, my staff and I welcome your comments, questions and suggestions. Please visit us in Room 217 at the Capitol, call us at 586-7330, or email us at [SenRiviere@capitol.hawaii.gov](mailto:SenRiviere@capitol.hawaii.gov). Mahalo.

Aloha!

You may recall that last month was American Heart Month to raise awareness for devastating heart diseases. Out of all the states in our country, our beloved Hawaii has the 48th highest death rate from cardiovascular disease. Cardiovascular Disease, also known as CVD, refers to affected heart and blood vessels by a variety of conditions and diseases. Stroke and heart disease are the two most common cardiovascular diseases whereas heart disease and stroke are the first and third leading causes of death in Hawaii.

The terrific news is this is a health crisis we can solve because cardiovascular diseases are largely preventable. Heart disease and stroke leading risk factors are high blood pressure, high cholesterol, cigarette smoking, diabetes, poor diet along with physical inactivity, as well as obesity. These factors lead to heart attacks, heart failure, and strokes due to changes in the heart and blood vessels over time. Addressing risk factors early in life is critical to prevent the potentially damaging complications of chronic cardiovascular disease.

Monitoring heart disease and stroke risk factors is quite a challenge. Major contributors to the national epidemic of cardiovascular diseases are high blood pressure and elevated levels of cholesterol. Approximately 1 in 3 adults are affected by high blood pressure and it is not under control in more than half of the Americans who suffer from it. A known risk factor for high blood pressure and heart disease is high sodium (salt) intake. About 90 percent of American adults exceed their recommended sodium intake.

Another contributor to heart disease is congenital (at birth) conditions. Two bills, HB467 HD1 and SB337 SD1, moving through the Legislature address Pulse Oximetry Screening for newborns. Each year, hundreds of healthy-looking babies are taken home but need medical care for heart diseases that could've been found on a Pulse Oximetry Screening. Many hospitals and nurseries are assessing the implementation of this screening in their newborn assessment plan. You can follow these bills on the Capitol website, Capitol.Hawaii.gov.

I hope you find this information useful. Stay active and enjoy a healthy diet. I'm always eager to hear from you so if you have any questions, concerns, or ideas, please feel free to contact me at (808) 586-9490 or at RepMatsumoto@Capitol.Hawaii.gov or visit RepMatsumoto.com.

Aloha,

I want to send a big Mahalo to all those who have called in, sent emails, submitted testimony, and participated in other ways in the legislative process. As I've said before, it is important for me to hear from my constituents about the issues that most affect your lives. I truly appreciate all your ideas and input.

**COMMUNITY UPDATE**

Congratulations to the Kahuku High and Intermediate students who won the 2015 state title in the "We the People" civics competition. The team, consisting of 14 seniors and 1 junior, competed against other private and public schools from across the state. The competition is based on knowledge of the U.S. constitution, Bill of Rights, and the democratic process. Kahuku, who has won over a dozen state titles, will now prepare to represent Hawaii in the national competition in Washington, D.C. on April 24 – 27.

Congratulations also to the Laie Elementary 5th graders who participated in the showcase division of the "We the People" competition.

On February 19th, Friends of the Library of Hawaii presented the Excellence in Service Award to Don Ramos of Kahuku Public & School Library. The Excellence in Service Award is presented to outstanding librarians and employees who, after being nominated by the public, are interviewed and selected by a committee.

For over forty years, Don Ramos has demonstrated a tireless commitment to co-workers, students, and community members through his dedication to the growth and development of Kahuku Public & School Library. Don started off as a summer youth worker at the library and was then promoted to Library Assistant III in 1981. During his time at Kahuku Library, Don has also been an Illustrator and Photographer. He is now the "go-to man" for displays and programs in the Library, specializing in graphics and 3-D displays. Don is a kind, generous, and hardworking employee who enjoys helping students to seek more knowledge through books and reading.

**CAPITOL UPDATE**

A number of community members have reached out to share their thoughts and concerns regarding transient vacation rentals. This is obviously an important issue for our district, so I wanted to provide an update on a couple of bills that would regulate these rentals. Senate Bills 201 and 519 were both

passed with amendments by three Senate Committees – Tourism and International Affairs, Commerce and Consumer Protection and Judiciary and Labor.

SB201 SD1 basically adds single family dwellings to the definition of "transient accommodations." SB519 SD1 makes Act 326, which requires registration numbers on all internet advertisements for transient vacation rentals, permanent. The bill also authorizes the Department of Taxation to enforce civil penalties for operators and plan managers who fail to conspicuously display the certificate of registration for transient accommodations. On February 20th, both bills passed second reading on the Senate Floor referred to Ways and Means Committee. While SB519 has been scheduled for a WAM hearing SB201 SD1 does not appear to have a hearing date scheduled.

To follow the status of these bills and others you may be interested in, please call our office at 586-6380 or visit the legislature website at [www.capitol.hawaii.gov](http://www.capitol.hawaii.gov). Mahalo!

*Don Ramos celebrates receiving the Excellence in Service Award.*

## Country Talk Story with Choon James

### Signs Along Kam Hwy

You can't miss the signs – "Keep the Country Country" and "NO to Bill 47" that are posted along the 2-lane Kamehameha Highway in Ko'olauloa region.

The "Keep the Country Country" slogan reflects the public sentiment to protect the rural charm and tranquility, open space, agricultural lands, scenic view planes, quality of life, the preservation of natural resources and so forth in this region. There are also severe concerns about traffic, gentrification, infrastructural costs to taxpayers, eminent domain, and so forth.

The "Keep the Country Country" cause has preserved this rural region since the 1970s when the building "crane" was panned as the "state bird". Sites such as the Waikane maikai stretch now showcase the Chinaman Hat with the Ko'olau mountain vistas in the background, the Agricultural Park in Waiahole/Waikane, the Kahana Valley (that was slated for condominiums), Kekela Beach park aka Kokololio Beach Park (that was slated for condominiums) to Malaekahana State Park were preserved and so forth But, what is Bill 47?

Very briefly, Bill 47 is a city land-use planning process that is currently undergoing review at the Honolulu City Council. City Council Ikaika Anderson ianderson@honolulu.gov is the Zoning & Planning Chair. Ernie Martin emartin@honolulu.gov is the Council Chair and Presiding Officer. There are a total of 9 city council members.

"Bill 47" is on paper to repeal the existing Ko'olauloa Sustainable Communities Plan (KSCP) to include two extremely controversial projects: 1.) The new "Envision Laie" subdivision in state-zoned agricultural acreages in Malaekahana, a sub-district of Kahuku aka Gunstock Ranch and 2.) The Turtle Bay Resort expansion with hotels, resort-residential homes and commercial/retail developments.

There are complaints/angst against the Hannemann/Caldwell administration for unilaterally inserting the "Envision Laie" subdivision just prior to him resigning mid-term to run for Governor in 2010.

Ironically, the 1999 KSCP already entitled 350 "affordable" homes mauka of the the BYU-Hawaii campus. I was involved in those meetings and discussions back then and remember how fervently Zions Securities (ZSI) aka Hawaii Reserves, Inc. (HRI) insisted that it was for Laie's best interests. However, "affordable" housing has not begun to this day.

Today, HRI wants to develop the neighboring agricultural lands known as Gunstock Ranch (purchased in 2006 from the Estate of James Campbell) that includes a strip mall, retail shops, professional buildings, industrial parks, vacation cabins and market value homes and "affordable" homes. However, HRI is marketing this new subdivision in the name of "affordable" housing for BYU-Hawaii's expansion.

There is no quarrel that the Polynesian Cultural Center and Brigham Young University-Hawaii could freely expand and build in its Laie campuses as its land zoning was already entitled. Examples are the 10-acres lot in which the Courtyard Marriott Hotel is being developed, the land on PCC Marketplace and the new dormitories.

The Turtle Bay Hotel owner is now involved in conservation discussions. The 2014 State Legislature allocated \$40M for this purpose. It's a lot of money but it's a very small investment, compared to future costs to taxpayers for infrastructure and other multiplier impacts that will inevitably follow.

There are volumes of facts and information in these issues. To explore further, please log into <http://www.CountryTalkStory.com> for more information. We'll try to post more info there.

Volunteers cleaning out California grass from keiki pond.

## Malama Loko Ea

Driving past Jameson's By the Sea, have you ever wondered, "What are those people doing in that pond?" Well, you've probably witnessed a community workday at Loko Ea. Loko Ea is an ancient Hawaiian fishpond located next to Jameson's By the Sea restaurant. Once owned by ali'i, this fishpond now belongs to Kamehameha Schools. Malama Loko Ea Foundation is a 501(c)(3) non-profit organization that has had the kuleana of restoring and now maintaining Loko Ea for future generations. Community workdays are conducted every 3rd Saturday of the month from 8:00-12:30. This March, in addition to our community workday, Malama Loko Ea Foundation will be hosting a kanikapila and talk story session from 1:00-4:00. Everyone is invited to share stories, family histories, songs, and dance. This event is free for the public. For more information, visit us on Facebook at Malama Loko Ea.

## Editor's Choice

### "Useful Information"

(Author Unknown)

In the 1400's a law was set forth in England that a man was allowed to beat his wife with a stick no thicker than his thumb. Hence we have 'the rule of thumb'.

The first couple to be shown in bed together on prime time TV was Fred and Wilma Flintstone.

Men can read smaller print than women can; women can hear better.

Coca-Cola was originally green.

It is impossible to lick your elbow.

The State with the highest percentage of people who walk to work: Alaska.

The cost of raising a medium-size dog to the age of eleven: \$ 16,400 .

The average number of people airborne over the U.S. in any given hour: 61,000.

The first novel ever written on a typewriter, Tom Sawyer.

The San Francisco Cable cars are the only mobile National Monuments.

Each king in a deck of playing cards represents a great king from history: Spades - King David, Hearts - Charlemagne, Clubs - Alexander, the Great, Diamonds - Julius Caesar.

Q. If you were to spell out numbers, how far would you have to go until you would find the letter

'A'? A. One thousand.

Q. What do bulletproof vests, fire escapes, windshield wipers and laser printers have in common? A. All were invented by women.

Q. Which day are there more collect calls than any other day of the year? A. Father's Day.

In Shakespeare's time, mattresses were secured on bed frames by ropes. When you pulled on the ropes, the mattress tightened, making the bed firmer to sleep on. Hence the phrase...'Goodnight , sleep tight'.

It was the accepted practice in Babylon 4,000 years ago that for a month after the wedding, the bride's father would supply his son-in-law with all the mead he could drink. Mead is a honey beer and because their calendar was lunar based, this period was called the honey month, which we know today as the honeymoon.

In English pubs, ale is ordered by pints and quarts... So in old England , when customers got unruly, the bartender would yell at them 'Mind your pints and quarts, and settle down.' It's where we get the phrase 'mind your P's and Q's'.

Many years ago in England , pub frequenters had a whistle baked into the rim, or handle, of their ceramic cups. When they needed a refill, they used the whistle to get some service. 'Wet your whistle' is the phrase inspired by this practice.

At least 75% of people who read this will try to lick their elbow!

## Surf n Sea and Joe Green Awarded SIMA Honor

Surf n Sea is celebrating 50 years in service and recently won a SIMA, The Surf Industry Manufacturers Association, Surf Shop Gold Wave Award. The award, celebrates the milestone of being in business for 50 or more consecutive years. The Gold Wave Awards was presented by surf legend Shaun Tomson during this year's SIMA Image Awards ceremony on Thursday, February 12, 2015, at the City National Grove of Anaheim, Calif. "To honor surfing's rich heritage in this way is exciting and important to the industry," said Doug Palladini, SIMA President and Vans' VP/GM North America. "These surf shops are instrumental in building the beach culture we love so much, the foundation of surf lifestyle since the 1950s and 60s. A surf shop is very influential to its local surf community – the hub of the local surf community in most cases – and these shops are legendary." Twenty shops were awarded the honor and Surf n Sea will celebrate with a party on March 28th at the shop starting at 3 p.m. Be sure to check out the shop's huge collection of vintage surfboards!!

Surf n Sea was a dive shop many years ago and remains one of the oldest buildings in Hale'iwa that stands. At the helm of the shop is Joe Green who is truly to be admired. He is a talented musician, surfer and ukulele maker who prides himself in his craft. His ukuleles are all hand crafted from recycled woods including planks from the shop floor made of ipe wood. That's right the floor boards are crafted into the fret bridges of each piece of Hale'iwa Ukeleles. This means that when you purchase a Hale'iwa Ukulele, you are literally owning a piece of Surf n Sea Hale'iwa!! Congrats to the whole crew at Surf n Sea!

## Makua Rothman Big Wave World Champion

He has several wins but this may be his biggest. The North Shore's Makua Rothman became WSL Big Wave Tour Champion after a victory at the Billabong Pico Alto and a runner-up finish at the Punta Galea Challenge. The Hawaiian previously spent several years battling on the WSL Qualifying Series before being offered a wildcard to compete in the BWT this season. Rothman surpassed all expectations, finishing his first Big Wave season with 20,833 points on the rankings, almost 7,000 points ahead of this year's runner up Gabriel Villaran (PER). "I feel amazing to be the WSL Big Wave Champion, it's a dream come true," said Rothman. "I wasn't invited to all events and here I am, the world champion this year as a

wildcard." Rothman is also an accomplished musician with a very popular CD on the market called "Sound Wave." Congrats!

## Jodi Kealoha SUP Fit Expert

Look for Jodi Kealoha's new SUP Fit DVD around Hale'iwa and online. Part time model Kealoha has been a professional trainer, SUP racer, teacher and fit expert for many years. The DVD is a workout video that anyone can do on land or in the water! Look for it at Surf n Sea, Global Creations and at the Rainbow Watersports Adventure Truck. Also online at Amazon and www.supfit.com. The DVD was produced right here on the North Shore with great scenics and an inspiring and challenging core workout of course!

Do you have some news. Send it in to banzaib@hawaii.rr.com. I am snoopy! Aloha!

## Kunia Orchid Show Press Release 2015

Spring is nearly here and that means it's time for the 61st Annual Kunia Orchid Show at the Leilehua High School's Paul Kobayashi Gymnatorium on March 20, 21 and 22. The Kunia Orchid Show is known as the first orchid show of the season and one of the best flower shows on the island. It's also an event that has something to offer for the entire family.

The Kunia Orchid Show will feature 22 plant vendors selling a great selection of orchid plants including the popular honohono orchid, long lasting phalaenopsis orchids and assorted succulents at great prices.

The Department of Agriculture will have an educational booth featuring many invasive species including the enormous and voracious Coconut Rhinoceros Beetle, the vocal Coqui Frog and those pesky Fire Ants. Learn from the experts how to detect and protect our 'aina from invasive species.

For orchid enthusiasts, displays on the floor of the Gym include 5 orchid clubs showcasing their very best blooming specimens. There will be awards for the best club displays and for exceptional individual orchid plants.

For those that appreciate the art of flower arrangement, The Sogetsu Ikebana Club will be featured showcasing creative and interesting flower displays utilizing both natural and manmade materials.

A Plant Doctor will also be available to answer your questions about orchid culture, pest and diseases as well as a Representative from Pacific Agriculture who can answer question regarding products to meet the needs of your plants.

There will also be food booths manned by students whose proceeds will benefit the clubs and athletic departments of Leilehua High School and farm fresh vegetables grown by The Future Farmers of America.

Don't forget to stop by The Kunia Kountry Store offering many different kinds of plants such as pikake, gardenia, and puakenikeni. Gardening supplies such as fertilizers, wooden baskets, hanging wires, plants

tags and clips will also be for sale in addition to homemade baked goods, jellies and much more.

One lucky person will be the 2015th Visitor and will receive a basket full of beautiful blooming orchids. There will also be hourly door prizes as well as "Enjoy" products given to everyone as they exit the show while products last.

Spend the day in cool Wahiawa with the family at the Kunia Orchid Show at Leilehua Gymnatorium on March 20, 21 and 23. Show hours are 9 a.m. to 5 p.m. on Friday and Saturday and 9 am to 4 pm on Sunday. Plant sales will end at 3:00 p.m. on Sunday. There will plenty of free parking. See you there!

**"The Harps of March:  
Hear and Learn About Harps"  
March 7, 2015, Saturday @ 2:30pm  
Wahiawa Public Library**

Get ready for St. Patrick's Day and the coming of spring by joining harpists Trisha Yee and Marci Prins for a harp concert! The harpists will also share information about their custom built lever harps. This one hour program is suitable for the whole family. Young children must be accompanied by an adult. Wahiawa Public Library, 820 California Ave. 622-6345.

Dear Readers,

Occasionally during the week some very kind and generous residents drop off items at the office of the NSN to help others less fortunate. These gifts, mostly canned foods, blankets and clothes mean so much to those in need. Some of the gifts are small, a few cans of food in a plastic bag but, the few cans of food make a great impact to those who receive it. I want to report how important and valuable each can of food means to those that are struggling and need a little help from time to time. Those of you who take the time to care for the needy are really making a difference in somebody's life. I want to say "Mahalo" for giving. Sometimes donors can find us in the office and we can thank you in person but sometimes the office door is closed and you leave the items by the door. When we return to the office its always encouraging to see that in the midst of our busy day, someone in our community has taken the time to care and taken the steps to give. Once again, for all the gifts great and small that find their way to our office door "MAHALO."

Sincerely,

Linda Seyler

North Shore Food Bank/OAMC Director
