## “Aloha Buttons”

March 30, 1959 - November 2, 2013 - A Hawaii surfing legend Montgomery Ernest Thomas “Buttons” Kaluhiokalani dies at age 54 after a long battle with cancer.

Surfing in Waikiki since 7 years old, Buttons became the innovator of

radical surf maneuvers and aggressive surfing on shorter boards in the 70’s.

Besides his accomplishments in the surfing world, Buttons was also the “Ambassador of Aloha”. He was loved by many not only locally but internationally as well.

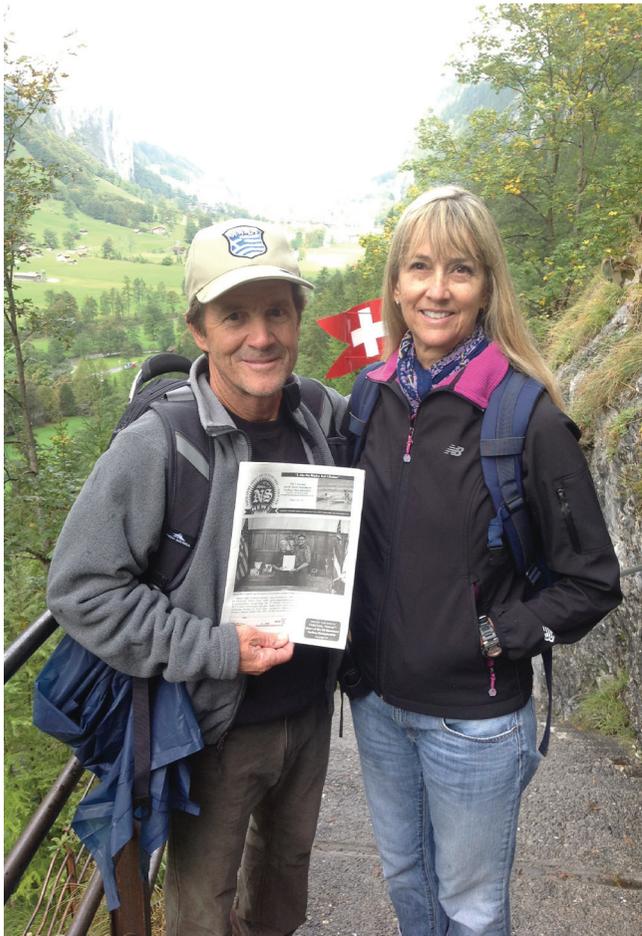

In August, Buttons received the Ocean of Possibilities Award by a Hawaiian non profit for his dedication to helping those with disabilities.

Buttons is survived by his wife Hiriata Hart, eight children and nine grandchildren.

Aloha Buttons you will be missed.

## OFF da Island in Gimmelwald, Switzerland

North Shore residents Dave and Peggy Hancock, owners of Paumalu Electric, finally took a vacation alone to a place they could really get away from it all, and they left their cell phones at home. They traveled from Greece, to Italy, Germany and the Swiss Alps. They are pictured here with NSN in hand at Gimmelwald, Switzerland. Peggy was sure to pack a current issue of the North Shore News to remind her of the good times on Oahu's beautiful North Shore. For information on the OFF da Island campaign, turn to page 31.

## Waimea Valley joins Hawaiian Legacy Hardwoods of Hawaii Island in the planting of Legacy Koa Trees

Waimea Valley of Oahu will participate with Hawaiian Legacy Hardwoods (HLH) in a legacy tree planting program which will be conducted on the Big Island of Hawaii with HLH doing the actual planting of the Koa tree seedlings at designated sites throughout Hawaii Island. The planting of the prized Hawaiian hardwood is a part of a state-wide re-forestation project.

It is envisioned that individuals and organizations will sponsor a Koa Legacy Tree in memory of a family member or friend or to pay tribute to an organization for its achievements. The cost to plant a Koa Legacy Tree in this program is \$60. Waimea Valley will receive a portion of this amount to help support its cultural and botanical programs.

Hawaiian Legacy Hardwoods will provide the person or organization who has had a legacy tree planted in their name with a Certificate of Planting, complete with GPS for location and RFID (Radio Frequency Identification) for specific information about the individual or organization.

"This is a great way to remember a beloved family member, especially for those who live away from Hawaii," says Richard Pezzulo, executive director of Waimea Valley, "also, the act of nourishing the land

by planting a Koa tree is a powerful Hawaiian concept that will impact generations to come."

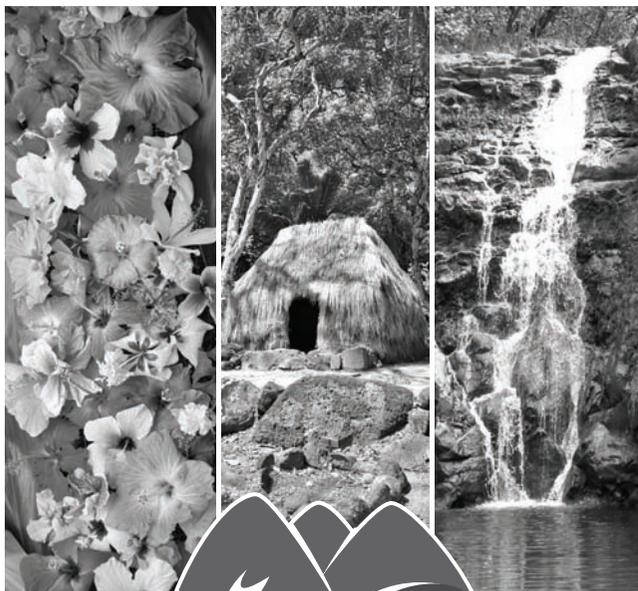

Much of the forests of Hawaii were denuded about 150 years ago after the uncontrolled harvesting of sandalwood and the clearing of land for cattle ranching or farming purposes. Because of the removal of forest growth, weather patterns actually changed in different areas of Hawaii. The Koa Legacy Tree program is part of a state-wide re-forestation project whose goal is the restoration of native forest growth wherever possible.

Waimea Valley is a non-profit 501(c)(3) organization. Its mission is to preserve and perpetuate the human, cultural and natural resources of Waimea for generations through education and stewardship. Interested individuals in the Koa Legacy Tree program should visit [www.LegacyTrees.org/waimeavalley](http://www.LegacyTrees.org/waimeavalley) or call 638-7766 for more information.

**National Flood Insurance Reform Results  
 in Rate Hikes**

In response to calls from area residents regarding a change in federally subsidized flood insurance rates, I have compiled some background information that might be of interest to homeowners who have not yet learned of the impending changes.

Due to the escalating cost of disaster relief and the lack of available flood insurance in the private sector, Congress created the National Flood Insurance Program (NFIP) in 1968. The purpose of the program was to reduce future flood damage by instituting floodplain management regulations and to provide flood insurance to participating communities. Oahu, Maui, Kauai and Hawaii counties joined the NFIP program between 1980 and 1982.

Part of the plan included requiring the Federal Emergency Management Agency (FEMA) to provide each county with Flood Insurance Rate Maps (FIRM) that identified Special Flood Hazard Areas (SFHA). Existing structures, built before the program and modern day standards are at greater risk for flood damage. As such, FEMA absorbed this increased risk by subsidizing the premiums on older homes. With the recent disasters such as Hurricane Katrina, Superstorm Sandy and the severe flooding in Colorado, NFIP incurred a debt of \$24 billion dollars, causing Congress to implement changes to the program.

These changes resulted in what is known as the Biggert-Waters Flood Insurance Reform Act of 2012, adopted by Congress and signed into law by President Obama on July 6, 2012. This legislation extends the NFIP for five years while requiring significant program reforms. Essentially, this legislation calls for the phase-out of subsidies and discounts on flood insurance premiums which will affect many residents and businesses on the coastlines of the Hawaiian Islands, including Keaaula Gulch, Malaekahana Stream and Waialele Stream on the north shore. Property owners may see increases of up to 25% in their insurance premiums. These changes are designed to make the NFIP more financially stable and ensure that flood insurance rates more accurately reflect the risk of damage by flooding.

To help reduce the financial impact for property owners who have been newly mapped into a high-risk flood area on or after October 1, 2008, owners may be eligible for significant savings with NFIP's Preferred Risk Policy Extension. This extension provides temporary financial relief and additional time to save while FEMA completes its analysis of the rate revisions. Property owners who were mapped into a

higher-risk area before October 1, 2008 are eligible for grandfathering, which would allow them to maintain their previous zone instead of shifting to the premium rates.

New home buyers should also be aware of the complexities of the law and obtain as much information on the property, especially when purchasing a new home in a flood zone. Make sure your realtor, insurance agent, surveyor, and architect are aware of the NFIP regulations and policies as this could potentially affect the purchase.

For more information on the Biggert-Waters Flood Insurance Reform Act visit the FEMA website at: [www.fema.gov/bw12](http://www.fema.gov/bw12) or the NFIP website at [www.floodsmart.gov](http://www.floodsmart.gov). For local area flood insurance rate maps visit the FEMA Map Service Center at [www.msc.fema.gov](http://www.msc.fema.gov) or the Hawaii Flood Hazard Assessment Tool website at [www.hawaiinfip.org](http://www.hawaiinfip.org).

# Come enjoy the Annual Christmas Parade and Lights in Historic Hale'iwa Town

Come enjoy the Christmas parade and lights of Historic Hale'iwa Town on the North Shore Friday, December 13, 2013.

Over 40 units are planned for the parade, including bands, beauty queens, horse units, hula dancers, scouts, soccer teams, a fire engine, floats, and many other units unique to the North Shore. This year's Grand Marshalls will be John and Eileen Hirota.

The parade starts at 6:00 PM at the Weed Circle roundabout, and will travel through Hale'iwa Town, ending at Hale'iwa Beach Park at approximately 7:00 p.m. The road will be closed for approximately one hour.

Other festivities include:

Children of all ages can visit with Santa Claus before and after the parade, and may also have their picture taken with Santa for a donation of \$5.00. Santa will be at the North Shore Marketplace under the monkey pod tree from 4:00 – 5:30 p.m., and immediately following the parade from 7:30 to 8:30 p.m.

Shops will host sidewalk sales, in-store specials, demonstrations, and other great events before and after the parade.

The Chamber encourages everyone to come and shop in the unique boutiques and stores in Hale'iwa before and after the parade, and to enjoy local North Shore flavors in one of Hale'iwa's many great restaurants. The annual parade is a great way to bring friends to this plantation-era community, supporting local businesses and in turn helping to create sustainable economic development on the North Shore.

Arrival before 5:00 p.m. is recommended in order to find parking in the town's shopping centers, or at the Historic Hale'iwa Gym. A flashlight and lawn chairs or blankets are also recommended. The

festivities will close the main street for just over an hour, re-opening around 7:15 p.m. City buses will be re-routed during this time; please plan accordingly.

For more information, please call the Chamber at (808) 637-4558 or visit their website at [www.GoNorthShore.org](http://www.GoNorthShore.org).

## Great American Smokeout

This special day is the 3rd Thursday of November every year, a day dedicated for Americans to stop smoking. I'm not going to bore you with statistics on lung cancer deaths. Instead, let's talk about how you can quit smoking.

It is difficult to quit. Nicotine is the most addicting drug, more so than heroin, cocaine, or meth. For many people, it takes many tries to quit. To be successful, you must be mentally ready and have a plan. You need to assess which method will work for you and you need to replace the behavior with another behavior, such as chewing gum or putting toothpicks or swivel sticks in your pocket or purse to chew on or pick at your teeth.

What about methods? One way is to wean yourself off nicotine by using nicotine patches that you apply every day. The first 6 weeks, you wear 21 mg patches, the next week 15 mg patches and the last 2 weeks 7 mg patches. Some people remove the patches at night. Other nicotine replacements include nicotine gum or nasal spray to use as needed. There are 2 prescription medications that are used to reduce the urge to smoke. One is Welbutrin, which was introduced initially as an anti-depressant. People taking it soon realized it decreased their need to smoke. The second is Chantix which you begin taking once daily in the first week and then twice daily from the second week on for a total of about 3 months. You set your smoking quit date for 2 weeks after beginning the medication. Other methods include hypnosis and biofeedback.

What about e-cigarettes? Some people feel this is not an option for quitting. However, this is one way of decreasing nicotine content. E-cigarettes also eliminate the hundreds of dangerous chemicals that cigarettes release and are inhaled by you and those around you.

Quitting will help you taste food better and appreciate the wonderful smell of food and fragrances around you. Good luck!

# North Shore Economic Vitality Promoted by a Unique Partnership

The North Shore is world renowned for its natural beauty and is recognized as a "must see" destination for more than half of the five million tourists who visit the island each year. How to preserve the quality of life for North Shore residents while promoting regional prosperity is the focus of the North Shore Economic Vitality Partnership which is now ready to share its progress and recommended actions.

Earlier this year, a coalition of individuals and organizations joined together to identify opportunities to enhance the economy of the North Shore based on the region's existing assets. The project began with a detailed data analysis of the region, looking at individual business establishments spanning from Waialua to Kualoa. Based on this analysis, clusters of opportunity, or groups of industries that are competitive, contain high-value jobs, have strong employment growth and bring wealth to the region, were identified. These clusters are Sustainable Agriculture & Working Landscapes, North Shore Experience and Professional & Technical Services.

Business leaders, who operate collaboratively and are motivated by the belief that the long term success of their company and prosperity of the community are interdependent within these sectors, were asked to participate in the first meeting in July. Opportunities and requirements for future growth within these clusters were discussed and convergence across the industries was recognized. The following four steps for action were identified:

- Launching a "Did You Know?" campaign to tell the story of today's agriculture on the North Shore
- Developing a Regional Brand that distinguishes North Shore businesses and products from the rest of Hawaii
- Organizing an Infrastructure Action Committee to assist in the resolution of traffic issues affecting the North Shore
- Creating an Ag Learning Center/Food Hub for ag-tourism and small farmers

In November, these cluster groups will join together for the first time to share their progress integrate their activities, and further detail implementation steps for the success of their action plans. From here it will be the determination and perseverance of the action team members with the support of the North Shore Economic Vitality Partnership and the broader community to shepherd the progress of these action items.

To learn more about the project, share your thoughts, and get involved, please visit our website at <http://northshoreevp.businesscatalyst.com/index.html>.

**Country Talk Story  
with  
Choon James**

**Mayor Kirk Caldwell Retaliates, Shuts Down  
Recycling & Free Speech in Hau'ula**

We are in a lawsuit against eminent domain of our commercial LOT 65 for the controversial Hau'ula Fire Station Relocation. The court date is not set till March 2014. Former Mayor Carlisle was willing to consider alternative sites. The Honolulu City Council exercised fiscal prudence and has not funded this controversial project.

In 2010, the city purchased Lot 64 with 20,297 sq.ft. that is sufficient for a typical fire station like that of Kaneohe, Wahiawa, or McCully-Moilili.

But Caldwell wants a SUPER-SIZED 'Ewa Beach' style station in RURAL Hau'ula with no increase in personnel or area of service.

Because we're not cooperating with Caldwell's agenda, he raided and seized our free speech signs, under the guise of ORDINANCE 11-029, on May 29, 2013.

We filed a federal lawsuit on August 13, 2013 against the city.

On October 18, 2013, another city crew from Halawa Maintenance converged onto our private property to harass again! See CountryTalkStory.com for raid video.

They came back on October 21, 2013 to install a threatening SIGN in the middle of the driveway to the Recycling business (on a Monday when Reynolds was customarily closed). This forced Reynolds to shut down its business the following day. We're still the fee owners.

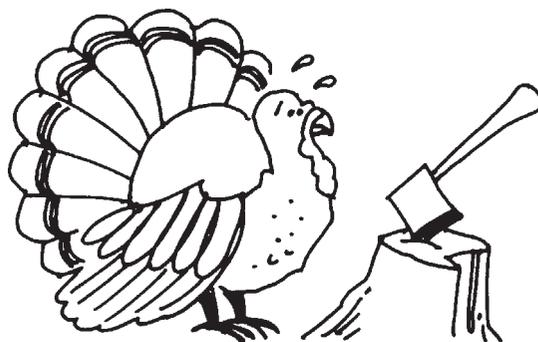

We want to see government make common sense decisions. The costs of living is already getting outrageous for most people. There should be no sacred cows when it comes to spending taxpayers' hard-earned money.

Today, Caldwell can build a typical fire station on Lot 64 that the city purchased in 2010.

There is no need for a SUPER-SIZED 'Ewa Beach' station in RURAL Hau'ula at triple the price of \$13 Million.

If you were the Mayor, what would you do?

# DLNR announces akule fishing at Waimea Bay Oahu

## Akule Fishing Open Nov. 1 – Dec. 31

The Department of Land and Natural Resources (DLNR) announces the opening of akule fishing for Waimea Bay Ocean Waters from Nov. 1 to Dec. 31, 2013.

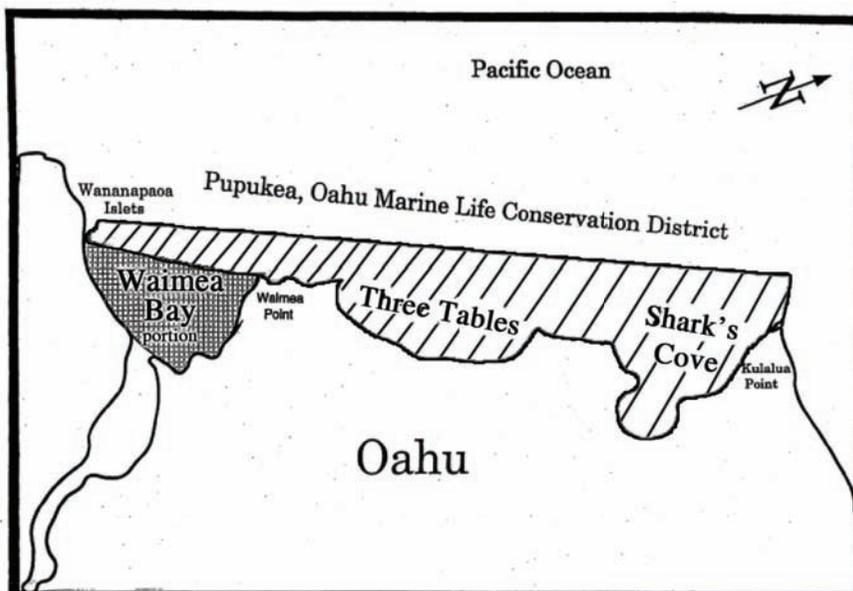

"Pupukea Marine Life Conservation District (MLCD) prohibits the take of marine resources, with the exception of the Waimea Bay portion of the MLCD. The Waimea Bay portion allows for poll and line fishing year round, as well as take of akule using net fishing methods during November and December," explained DLNR Chairperson, William J. Aila, Jr. "These two months of the year provide fishers access to traditional akule fishing grounds. This period, along with the opelu period from August to September, provides access to the traditional net fishing grounds while conserving the marine resources within the rest of the MLCD."

DLNR Division of Conservation and Resources Enforcement (DOCARE) will continue making periodic checks of the bay and actively monitor ocean activities. During this open period, Hawaii Administrative Rules provide regulations over the methods of fishing within areas of Waimea Bay. These rules balance the various fishing methods, such as poll and line or net fishing, by providing access to recreational and commercial users within Waimea Bay.

"DOCARE is here to ensure compliance with applicable state laws and regulations for both Commercial and Recreational fisherman alike," said DOCARE Enforcement Chief, Randy Awo.

DLNR reminds fishers that:

- Akule may be taken with hook-and-line from the shoreline of Waimea Bay portion of the MLCD (HAR 13-34-3); "Waimea Bay" means that portion of the district bounded by an imaginary line from, and including, the Wananapaoa Islets across the mouth of Waimea Bay to Waimea Point.

- Must hook akule by the mouth; it is prohibited to "snag" akule. (HAR 13-34-3 (1))
- No person may use more than two poles with one line per pole and with no more than two hooks per line (HAR 13-34-3 (1))
- Take of akule with legal nets pursuant to HAR 13-75-12.2.
- Motorized vessels, except sailing vessels with auxiliary engines, are prohibited in Zone 'A' of Waimea Bay ocean waters. (HAR 13-256-63(b)(1))
  - o Vessels with auxiliary engines shall be required to enter and leave Zone 'A' on sail power or by oar only.
  - o Any vessel anchoring within Zone 'A' shall be prohibited from anchoring within two hundred feet of the shoreline and shall anchor only in sandy areas.
  - o All vessels shall proceed at a speed of slow-no-wake, as defined in section 13-250-5, when in Zone 'A'.
- Violations of these rules are petty misdemeanors (HRS 190-5, \$250 first, \$500 second, \$1,000 third or subsequent)

Copies of the administrative rule are available at the Division of Aquatic Resources office, 1151 Punchbowl St., Rm. 330; in the Hawaii Fishing Regulations booklet (available at most sporting goods stores); or on the DLNR website: [http://state.hi.us/dlnr/dar/admin\\_rules.html](http://state.hi.us/dlnr/dar/admin_rules.html)

§13-34-1 Boundaries. The Pupukea Marine Life Conservation District shall include that portion of the submerged lands and overlying waters beginning at Kulalua Point extending seaward due west (270 degrees) to a point one hundred yards offshore at longitude 21\_ 39' 44" N latitude 158\_ 03' 89" W, then south to the most seaward exposed rock of Wananapaoa Islets on the southern side of Waimea Bay, including the Wananapaoa Islets at longitude 21\_ 38' 60" N latitude 158\_ 03' 50" W, then due southeast (135 degrees) to shore as further described in the

"Map of the Pupukea Marine Life Conservation District, Oahu 01/10/02" attached at the end of this chapter HRS §190-3

§13-34-1.1 Definitions. As used in this chapter, unless the context clearly indicates otherwise:

"Waimea Bay" means that portion of the district bounded by an imaginary line from, and including, the Wananapaoa Islets across the mouth of Waimea Bay to Waimea Point.

§13-34-1.1 Definitions. As used in this chapter, unless the context clearly indicates otherwise:

"Akule" means any fish of the species known as *Selar crumenophthalmus*. This also includes the various life stages known as pa'a'a, hahalalu, halalu, and mau.

"Snag" means to engage in the act of pulling on a line that is attached to one or more hooks quickly enough across a fish for the purpose of hooking the fish anywhere except by the mouth. <http://state.hi.us/dlnr/dar/rules/ch34.pdf>

# A new solution to the traffic jam at Laniakea is fast and inexpensive

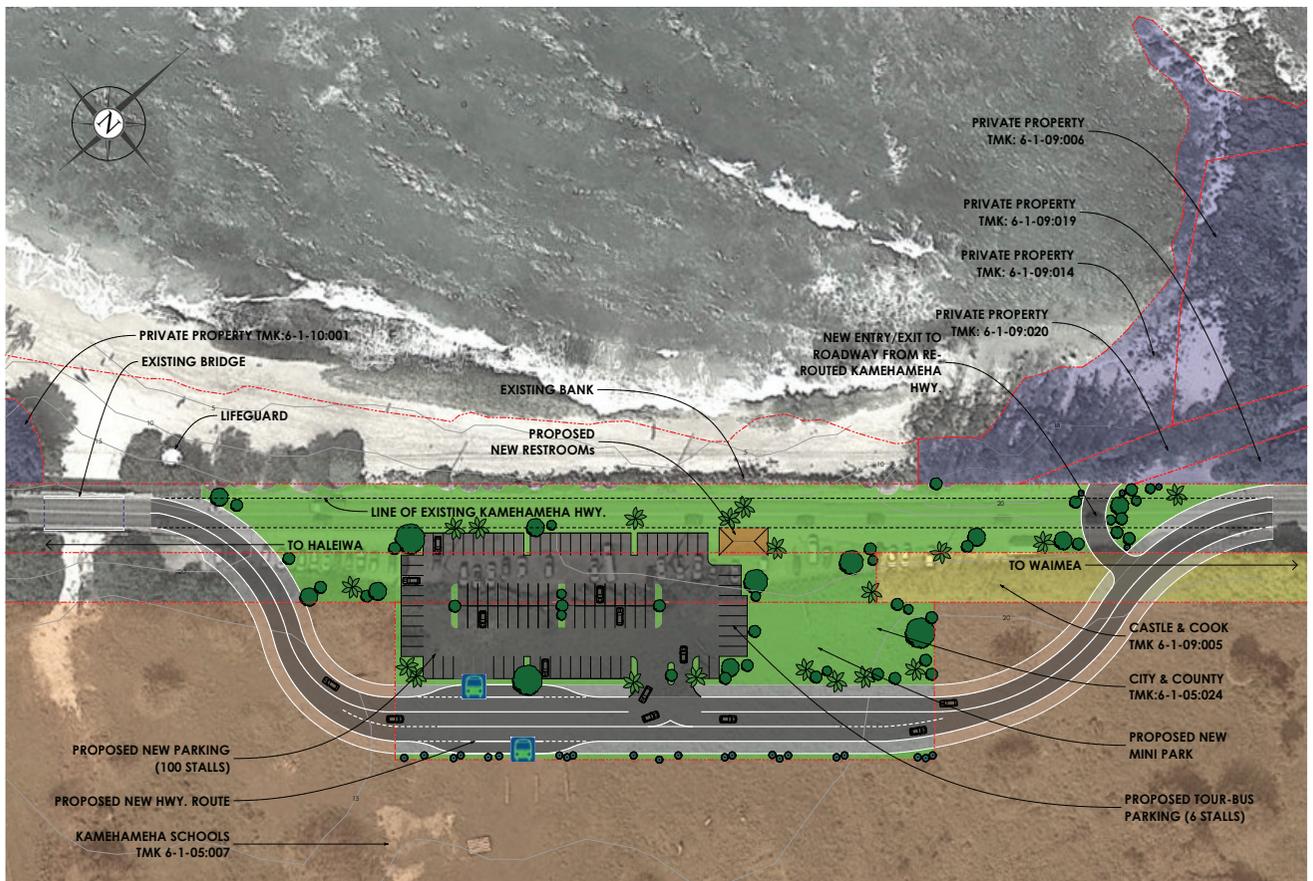

by Tom Jacobs

An inexpensive, quick-fix long-term solution to the persistent, irritating traffic jam-up on Kamehameha Highway at Laniakea ("Turtle Beach") has been proposed by North Shore resident Bill Quinlan and has been adopted by the Department of Transportation Laniakea Task Force as a "fourth alternative" to the three current bypass alternatives. The North Shore Chamber of Commerce Board of Directors has endorsed Bill's alternative as well. A sketch of Bill's proposed bypass routing, which provides for 100 parking spaces and room for parking for six tour buses while minimizing traffic flow on Kam Highway is shown below.

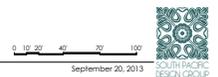

ternative takes advantage of easily obtainable land. The existing highway is state land, and three acres mauka belong to the City and County. A small strip further mauka is Kamehameha Schools land; a senior exec at that trust is very supportive of the plan. Two small parcels north and south of the city and KS land should be obtainable. The arrangement allows safe turn-in and out, obviates the need for pedestrians to cross busy Kam Highway, and has room for a boutique park and comfort station."

"Best of all," Quinlan says, "this alternative can be completed quickly and at minimum cost. It is a 'permanent solution' in a 'temporary solution' time frame."

Quinlan told the North Shore News, "This al-

Concept Plan Rendering

## BANZAI NORTH SHORE WIRELESS

Have you been wondering about the appearance of the "Tamba" store right on Kamehameha Highway? The store opened around August and has a great selection of boards in the colorful building. The owner Saa (Tamba) Ginlack opened a store in Kauai in 1998 and has a factory there so he is able to sell boards at a great price. Team surfers include Reef MacIntosh, Dustin Barca and Rocky Cannon is also a spokesperson. Tamba is proud to say all their products are made in the good ole' U.S.A and they are a one stop surf shop. Tamba means second born son in a Sierra Leone tribe in West Africa. There are many preceived psychological explanations of the personality of the second born male in a family. Saa has taken his out going nature and turned it into great personal customer service! Welcome to Hale'iwa and good luck to the Tamba Surf Shop.

The 37th Annual Surf n Sea Menehune Championship is in the history books. The event ended in perfect 3-5 foot surf at Hale'iwa Ali'i Beach Park. It was put together by a lot of big hearted volunteers who love the kids, congrats to everyone. There were between 350 and 400 twelve and under competitors this year. There were many boards given away and big giant bags of prizes and of course the smiles were the most important! Next up for the young surfers The 38th Annual Rell Sunn Menehune Championship in Makaha on the 29th of November. Here are some of the results from Hale'iwa.

- 4-6 Boys & Girls Shortboard  
Maddox MacMurray
- 7-8 Boys Shortboard  
Makai Burdine
- 9-10 Boys Shortboard  
Robert Grilho
- 11-12 Boys Shortboard  
Wyatt McHale
- 7-9 Girls Shortboard  
Betty Lou Sakura Johnson
- 10-12 Girls Shortboard  
Nicole Fletcher
- 7-9 Girls Longboard  
Kelia Kaleopa'a
- 10-12 Girls Longboard  
Tabatha Knudson

Free Diver, artist, chef, environmentalist, Patagonia ambassador. North Shore resident Kimi Werner is all these things. Warner is well know for winning U.S. National Diving Titles in 2008 in Newport Rhode

Island. She is from Haiku Maui but is living on the North Shore doing what she loves most in our great natural environment. She is hard at work at creating an exhibit called "Tread Lightly" in a collaboration with Vans and the Triple Crown of Surfing. She has painted one of a kind men's and woman's slipper shoes that have marine life themes. Look for the shoes on exhibit at Turtle Bay Resort. The hope is to sell the shoes and donate all the proceeds to Malama Pupukea - Waimea Marine Life Conservation District and the Sustainable Coastlines Hawaii. You can learn more at [www.kimiwernerart.com](http://www.kimiwernerart.com). So yes lets all tread lightly and help to protect our North Shore!

A giant congratulations to Waialua Resident Aaron Gold who for the first time got invited to the Eddie Aikau Surfing Championship. Gold is what we call an "underground" charger, well known by surfers that ride big waves. He has of late been concentrating on riding some of the biggest waves of his life traveling to the Cortez Bank and over to Jaws when it's happening. He also is a great surfboard shaper. So keep your eyes peeled for him at the Eddie Aikau Ceremony come this December and check him out riding Waimea Bay!

The "Eddie" contest site is launched for all the info regarding the event. Eddie Aikau was the first official lifeguard at Waimea Bay and developed the reputation of being one of the best big wave riders, he won the 1977 Duke Kahanamoku Invitational Surfing event at Sunset Beach in big surf. Eddie Aikau was lost at sea after the 1978 sailing of the Hokulea, the voyaging canoe that traces the ocean migration of our Polynesian ancestors. The Hokulea capsized and Eddie paddled off to secure a rescue and was never seen again. His spirit of aloha lives on through the event.

We have lost many great surfers. Montgomery "Buttons" Kaluhiokalani kicked out for the last time on November 2nd, ironically the same day as Andy Irons left us in 2010. Buttons was loved by all. He was famous for his crazy skateboard like moves in the water during the short board revolution of the 1960's. He did maneuvers no one had ever seen before, 360's in the tube, turns in the air and all with a Hawaiian style that sang to our hearts. Buttons had the charisma that stole the show, always. His smile was contagious. He had his highs and lows but of late he was living high on life and giving of his own great spirit. We were lucky to have him around the North Shore these past years as he touched so many of us. He was just 54 and taken so quickly by lung cancer. He will never be forgotten, Aloha!

# 37th Annual North Shore Menehune Surf Contest Results 2013

This year the keiki participation was a record breaking 390, all the keiki had a great weekend.

## 4-6 Boy & Girl Shortboard

1. Maddox Macmurray
2. Kailani Burdine
3. Kaneloa Lane
4. Beau Spradlin
5. Marley Beschen
6. 'Oaka Wong

## 10-12 Girls Shortboard

1. Nicole Fletcher
2. Sara Wakita
3. Summer Ivy
4. Eva Asiskovich
5. Taylor Beck
6. Julie Nishimoto

## 7-9 Boys Longboard

1. Tamaroa Kalama
2. Tevaiari'i Foster-Blomfield
3. Nate Delmarter
4. Kai Delventhal
5. Kaua Kahaulelio
6. Ka'iwa Foster

## 10-12 Boys Longboard

1. Gabe Baptista
2. Kaniela Stewart
3. Ha'aeo Foster-Blomfield
4. Gino Coyle
5. Tahitoa Louis-Perkins
6. Zion Otteman

## 7-9 Girls Shortboard

1. Betty Lou Johnson
2. Luana Silva
3. Angelina Yossa
4. Hailey Otto
5. Ewelei'ula Wong
6. Tiki Willis

## 10-12 Girls Longboard

1. Tabitha Knudson
2. Ayla Sprecher
3. Kukuna Ka'ahanui
4. Namika Courtois
5. Ella Self
6. Tenaya Richardson

## 9-10 Boys Shortboard

1. Robert Grilho
2. Jackson Bunch
3. Sai Moody
4. Isaiah Briley
5. Makana Franzmann
6. Thatcher Johnson

## 11-12 Boys Shortboard

1. Wyatt McHale
2. Noah Beschen
3. Jake Riccobuano
4. Dylan Franzmann
5. Bo Stone
6. Noa Aluli

## 7-9 Girls Longboard

1. Kelis Kaleopa'a
2. Olivia Yossa
3. Kailey Bogart
4. Scarlett Schremmer
5. Kamele Kahokuloa
6. Luluhia Kane

## 7-8 Boys Shortboard

1. Makai Burdine
2. Shion Crawford
3. Kai Martin
4. Kaiser Auberlen
5. Ty Spencer
6. Paumalu Malone

5 year old Beau Spradlin

Good luck to all the competitors!**

*In Hawaii we greet friends, loved ones and strangers with Aloha, which means with love. Aloha is the key word in the universal spirit of real hospitality, which makes Hawaii renowned as the world's center of understanding and fellowship. Try meeting or leaving people with aloha. You'll be surprised by their reaction. I believe in it and it is my creed. "Aloha to you."*

Uncle Duke Paoa Kahanamoku

Parkinson, Pipe, ASP/Kirstin

## DLNR announces Nov. 2 start of 2013-2014 Game Bird Hunting Season

The Department of Land and Natural Resources (DLNR) announces the opening of the 2013-2014 Game Bird Hunting Season on Saturday, November 2, 2013. The fall game bird hunting season will run through Monday, January 20, 2014, with legal hunting days on Saturday, Sunday, and State Holidays.

### ISLAND OF OAHU

KUAOKALA GMA (UNIT 1) AND MOKULEIA PHA (UNIT 2) will be open on weekends and State Holidays from November 2, 2013 through January 20, 2014. Hunters must check in and out of the Kaena Point Satellite Tracking Station Access Road. Species occurring in this area include ring-necked pheasant (common and blue variety), Erckel's francolin, black francolin, gray francolin, chukar partridge, barred dove, and spotted dove, with bag limits as listed in Chapter 122, Rules Regulating Game Bird Hunting. Hunting of female Ring-Necked Pheasants is allowed, in Kuaokala GMA only, and will count against the listed "Daily Bag Limit" in Ch. 122. HUNTING OF WILD TURKEYS IS STILL PROHIBITED in all public and private hunting areas to allow the population to reach a level suitable for hunting in the future.

MAKUA KEAAU PHA (UNIT 3) will be open on

weekends and State Holidays. Species occurring in Makua KeaaU include ring-necked pheasant (rare), Erckel's francolin, barred dove and spotted dove, with bag limits as listed in Chapter 122.

WAIANAE KAI (UNIT 4) will be open to game bird hunting on weekends and State Holidays, with mammal hunting closed during the weekends for the duration of the game bird season.

PRIVATE LANDS on the island of Oahu will be open to game bird hunting on weekends and State Holidays in accordance with Chapter 122.

### **SURFERS, SAINTS & SINNERS ARE WELCOME!**

OAMC is a community outreach made possible by many generous supporters and volunteers. If you would like to support or volunteer for the OAMC call 690-0377.

The OAMC is scheduled to meet on the last Sunday of every month (except May & December ).

*"There will always be poor people in the land. Therefore I command you to be open handed toward your brother and toward the poor and needy in your land." (Deuteronomy 15:11)*

A 501c3 non-profit community organization

# Kahuku Public & School Library Celebrates 45th Anniversary

Kahuku Public & School Library, located at 56-490 Kamehameha Highway on the campus of Kahuku High and Middle School, will celebrate its 45th Anniversary with a special performance by the dynamic storytelling troupe Bento Rakugo on Tuesday, November 19 from 5:30 p.m. to 7:30 p.m. The public is invited to attend this free event and the Library will be open during its normal Tuesday public services hours from noon to 8 p.m.

Bento Rakugo will perform in the traditional Rakugo (Japanese translation: "fallen words") storytelling style with a modern twist to the Japanese comedy. Rakugo is one of the most popular forms of Japanese theatre, with a tradition spanning more than 300 years. In Rakugo, the performer presents a comic story while sitting on a Japanese cushion throughout the entire performance, speaking all of the voices in both the first person and third person. All stories will be spoken in English.

Bento Rakugo's performance is part of this year's HSPLS Fall Programs for Youth, and is made possible by a grant from the Friends of the Library of Hawaii, and the generous support of their Fall Reading Program

sponsors Atherton Family Foundation, HMS Host, Hansen Distribution Group, Meadow Gold Dairies, Toshiba Business Solutions, Robert's Hawaii, and Armstrong Produce; and the UH-Manoa Outreach College's Statewide Cultural Extension Program, Hawaii State Foundation on Culture and the Arts, and the National Endowment for the Arts.

The Library's Sapphire Anniversary celebration, sponsored by the Friends of the Library Kahuku, will also feature a "Memory Wall" for patrons to reminisce the past 45 years of this North Shore library, lucky drawings for prizes, and refreshments will be served.

This 8,100 square foot Library, which opened on November 25, 1968, provides services to students and faculty of the two schools, as well as residents of Kahuku, Laie, Hauula, Punaluu, Sunset Beach, and "snowbird" patrons who visit the Library during the winter months.

Contact the Library as soon as possible if a sign language interpreter or other special accommodation is needed. For more information about the Celebration and Library programs and services, please call the Library at 293-8935.

**Open a book and it comes to life.**

**Books give us greater perspective.**

## Kabocha

*Editha Ramiscal*

The Kabocha or the Japanese pumpkin is a bumpy green winter squash with gray stripes. The hard knobby green skin shields a yellow-orange interior flesh that is sweeter than the butternut squash. The squatted green pumpkin was brought to Japan by the Portuguese traders of the 16th century via Cambodia and Mesoamerica. All squashes are believed to have originated in Central and South America.

Kabocha is used in Asian cuisine and for making tempura, sushi, and soups. The green pumpkin is ready when it feels heavy and the skin displays splashes of golden and grayish hues. Uncut, it can keep for a month without refrigeration. Its sweet flesh is rich in beta carotene, with iron, vitamin C, potassium and small traces of calcium, folic acid, and minute amounts of B vitamins. Kabocha can be bought directly from the farmers at Waialua Farmers' Cooperative Market.

### Pork and Kobacha (Filipino)

1 Kabocha (pared, seeded and diced into cubes)

1 TBS. vegetable oil

½ LB diced pork into small pieces

2 cloves of garlic

2 tomatoes (sliced)

1 small round onion (sliced)

2 cups water

Patis (fish sauce), salt and pepper to taste

In a heated pan, brown pork in oil. Add garlic, onion, and tomatoes and sauté. Add water and Kabocha. Bring to a boil and cover. Lower heat and simmer until Kabocha is tender. Add Patis, salt and pepper. (Regal Variety Foods. 497-3489)

### Indian Cooking Demonstration

**Chef Lisa Albrecht**

**Waialua Farmers' Co-op Market**

**Saturday, November 23, 2013**

\$8 per stall for outside vendors

We also accept donations for students to sell and raise money for their school agriculture program. For more information, to purchase a vendor stall, or to make a donation, please call Janelle Harkness at (808)293-8980

The North Shore News is published every other Wednesday and mailed free of charge to all North Shore homes and businesses. Extra copies may be obtained at our office.

**PRESS RELEASE POLICY:** Submit press releases in person or by fax, mail or email to Editor, North Shore News, 66-437 Kam. Hwy., Suite 210, Haleiwa, HI 96712. Please type your releases and keep them shorter than 200 words unless they are of an unusual news interest. Releases should be viable news stories and are published on a **space available basis only**, with priority given to those received in our office first. You may attach photos. We are not responsible for the return of any photos. All materials are submitted at owner's risk. We reserve the right to edit and/or refuse all submissions including advertising.

**EDITORIAL POLICY:** We welcome articles and letters from our readers. Letters to the Editor are published on a space available basis only and preference is given to shortness of length, and quality of content. We prefer to run not more than one letter, per person, per 6 month period. Letters subject to edit.

Views expressed by our contributing writers and advertisers do not necessarily reflect the view of the management and staff of the North Shore News. All rights reserved. Reproduction in whole or part without permission is prohibited. © 2013.
