**The STEM Center For Excellence**

The STEM Center for Excellence is a sprawling 135-acre living laboratory located on Oahu’s North Shore that will provide year-round opportunities in cyber security, astronomy, robotics, computer coding, botany, chemistry, environmental stewardship and more.

The Center provides hands-on STEM programming that drives girls toward education and career choices in the field of STEM and teaches them how STEM skills can make the world a better place.

Camp Paumalu’s STEM Center for Excellence creates a place-based

experience through which the Girl Scouts’ keys to leadership and learning processes are realized. The Center’s design respects Paumalu as a Hawaiian gathering place for those who want to learn how to better the world in great and powerful ways.

### Jayde Wright

05/22/1958 - 08/27/2019

Beautiful Jayde Wright has succumbed to ovarian cancer on August 27, 2019. Jayde was a special creative soul who lived through so many diverse adventures. Jayde was a great surfer and artist. In her younger days she constantly dawned and ripped at Sunset Beach with her truly unique surfboard. Jayde spent several years spreading love at the Turtle Bay pool bar and at the Bayview Lounge. She spent her final years landscaping and renovating her Sunset Beach house where, in the aesthetic comfort she created, her life came to a peaceful end.

Her sisters Saylor and Tori and her best friends Toepfer and Kara were by her side.

A "Celebration of Life" will be held 09/28/2019 at Log Cabins on the beach 5:30pm.

## Rick Barboza To Speak On Hawaiian Native Plant Restoration

The North Shore Outdoor Circle (NSOC) is pleased to have Rick Barboza as the guest speaker at the General Membership Meeting to be held on September 23, 2019, at 6:00 pm at the Proud Peacock in Waimea Valley.

Barboza will speak on the importance of native plant restoration and the joy of putting plants in the ground that will thrive in their original habitat. He will also address the philosophy of choosing native plants as well as changing mindsets, how native plants can positively change the landscape and how native plant restoration will lead to a healthier environment in Hawai'i.

Barboza's farm, Hui Ku Maoli Ola, is situated in Haiku Valley, Heeia and the farm's plants are part of restoration projects throughout the Hawaiian Islands. Hui Ku Maoli Ola has even provided native plants for restoration work on Kahoolawe. Whether the restoration is at a public site or in a private yard, Barboza fits needs in terms of planting that mirrors what existed in particular places in Hawai'i 500 years ago.

The farm has been in existence for 20 years though Barboza has been growing native plants for the last 23 years. The farm is expanding to Waimanalo where the focus will be on growing native trees.

A graduate of Kamehameha Schools, Barboza earned his bachelor's degree in zoology from the University of Hawai'i. The focus area for his degree was conservation biology. Originally from Waimanalo, Barboza now lives on his farm in Heeia. One of his greatest joys in the restoration work he does is to see native insects and birds return to the restoration sites.

As 2019 winds down, I wanted to have an opportunity to update members of the North Shore community on what my office has been working on as well as hear from residents what other concerns there may be in the North Shore. It has been an exciting and challenging first year to say the least, but I believe we have made significant progress in addressing some of the major issues many North Shore residents face daily. Much of the groundwork has been done to prepare us to move forward with needed improvements throughout the North Shore. This year has been unprecedented as the Honolulu City Council tackled a wide range of issues affecting diverse segments of the districts we represent. The North Shore is a very unique and special place that I am proud to represent. Please join us to discuss how we can all work together to enhance the quality of life for North Shore residents.

**The Wise Sage**  
 Author Unknown

There once was a wise sage who wandered the countryside. One day, as he passed near a village, a woman who told him of a sick child nearby approached him. She beseeched him to help this child.

So the sage came to the village, and the crowd gathered around him, for such a man was a rare sight. One woman brought the sick child to him, and he said a prayer over her.

"Do you really think your prayer will help her, when medicine has failed?" yelled a man from the crowd.

"You know nothing of such things! You are a stupid fool!" said the sage to the man.

The man became angry at these words and his face grew hot and red. He was about to say something, or perhaps strike out, when the sage walked over to him and said: "If one word has such power as to make you so angry and hot, may not another have the power to heal?"

And thus, the sage healed two people that day. "Language does have the power to change reality. Therefore, treat your words as the mighty instruments they are - to heal, to bring into being, to nurture, to cherish, to bless, to forgive."

**Aloha Friends and Neighbors!**

It's hard to believe that it's almost Fall again! As your keiki are back in the swing of school and your family is starting to look toward some of the year's biggest holidays, I want to take this opportunity to invite you to one of my favorite annual Capitol events.

Each year, I host the Capitol Talk & Tour. It's a great, family-friendly event to learn more about government with your whole family! Bring your keiki and kupuna!

It will be during Fall Break on October 10th from 10:00am to 12:00pm.

You and your family will get the inside scoop of one of Hawaii's most important buildings, learn about 50th State history, and see exactly where the laws get made that affect everything from schools to scooters and watermelon to watersheds.

Did you know that the famous "I'm Just a Bill" video from Schoolhouse Rock! came out 43 years ago? This family-friendly event is the perfect opportunity to revisit some of those invaluable civic lessons about our democracy, the branches of government, and more! We'll learn why the Capitol has a statue of Father Damien, why the House and Senate chambers sport vibrant red and blue, spot a unique feature of the distinctive rotunda mosaic, stand in awe of the Executive Chamber's koa wood, and so much more!

After the tour, we'll end the day with light refreshments and talk story. It's your chance to ask the questions you've always had about the legislative process and maybe your kids will even be inspired to become legislators, community organizers, or policymakers! Staff from the House of Representatives will also be there to give a special inside look into how laws get made and how the public voice is vital in the legislative process. We'll also give you tips and tricks to making sure your priorities and concerns get heard by your legislators.

Did I mention that this event is completely free? The only thing we need from you is to RSVP at RepMatsumoto.com. The event page on my website also has additional details about the day such as locations and prices for parking downtown.

You're going to want to be there for this event. Don't delay – RSVP today!

And as always, please feel free to contact me if you have any questions or concerns about happenings in our community. Call my office at (808) 586-9490, email me at RepMatsumoto@capitol.hawaii.gov, or visit RepMatsumoto.com.

# Introducing New Doctors at Koolauloa Health Center

Dr Vincent Giani is a Family Practice doctor who joined us after Labor Day. He moved to Hawaii in 2006 from North Carolina. After graduating from medical school, he moved to Hilo where he completed his residency at Hawaii Island Family Medicine Residency Program. He has since moved to the Sunset Beach area. His interests in the medical field include family medicine and orthopedic sports related injuries. His other interests include surfing, skateboarding, soccer, art and playing the guitar. His goal is to use his medical knowledge to empower patients in order to optimize their health. He is excited to be part of the Koolauloa Health Center team in meeting the health needs of the community. He will be seeing patients at the Hauula and Kahuku sites.

Dr Tara Reed, whose specialty is Internal Medicine, will be joining Koolauloa October 1st. She was born and raised in Hilo and graduated from Waiakea High School. She is a graduate of the University of Hawaii's John A Burns School of Medicine and completed her Internal Medicine education at the Health Sciences in Portland, Oregon. She is happy to return home to Hawaii so she can spend more time with her family on the beach, eat fresh local food again, especially poke, and enjoy watching her son and dog play in the backyard. She is currently living

in the Hauula area. She is looking forward to learning more about our community and its health needs and seeing Koolauloa's clientele.

The staff at Koolauloa and the community welcome both new doctors and look forward to their ideas in meeting the health needs of our local population.

## Koolauloa Health Center Outreach

*Naty Camit Hopewell*

*Ko'olauloa Community Health Center*

As a Federally Qualified Health Center, Koolauloa needs to provide ambulatory primary care, OB/GYN, mental health and dental services. In addition, the mission of the health center is to meet the needs of the community. One of the ways we do that is through our Outreach Department, who sometimes partners with a variety of organizations to meet some of these needs. The main focus is the homeless and needy individuals and families.

Our workers are involved the following areas.

- Assist Koolauloa patients in applying for Quest, the Medicaid program in Hawaii. If they don't qualify for Quest, they are helped in making decisions regarding Obamacare, The Affordable Care Act.
- Assist the homeless in acquiring housing by working with the Homeless Management Information System (HMIS) conducted by Aloha United Way. They have been successful in housing many homeless via this program.
- Assist clients with SNAP/TANF, Social Security, and Medicare applications. SNAP is the food stamp program and TANF is Temporary Assistance for Needy Families. For many families, the TANF program provides month-

ly cash that help them regain their footing in times of need.

- Service Center every 1st Monday of the month. Koolauloa partners with the Hauula Community Association who conducts the food bank while our team invites different groups, such as the Veterans Affairs and Ke Ola Mamo who provide a variety of services. There are also tables with donated clothes and shoes.
- Attend community events where they provide First Aid and blood pressure checks.
- Assist kids with school supplies in the summer and partner with Salvation Army for gifts in December.
- Once a week, our workers visit various places looking for the homeless who may need assistance.
- Partners with PIC (Partners in Care) to do the annual homeless count in our area.

If you need help in accessing any of these services, call our health center at 293-9231 and ask for Brynn.

**New Member Highlight: Sabrina Zander Creates Family Heirlooms for the North Shore**

“You can’t frame a thumb drive. Technology will change and people won’t know what to do with their digital images of all their loved ones, and their children will not have a printed history of their family.” Sabrina Zander, artist, portrait photographer, heirloom creator, and picture framer has a passion for preserving memories for others. She creates custom-tailored, luxurious, heirloom-quality items, capturing families and moments in time.

She photographs high school Senior portraits, family sessions, vow renewals, and anniversaries. She says, “I can help you choose the right size for your images and create a wall gallery so families can then pass them on for generations. One day your kids are going to ask for pictures of mom, dad, grandma, grandpa. So why don’t you stay ahead of the game and create prints that will outlive you. When you preserve yourself in prints, you’ll be remembered. I create an experience they’ll have for generations.”

Sabrina Zander Photography stands out because it’s a personalized boutique portrait service. Every session begins with an in-person consultation, during which she and the clients get to know one another, she learns what kinds of images they want displayed in their home and they start designing the shoot. For instance, they discuss whether they want a large ocean canvas over the sofa in their living room with 2 smaller prints on the side of each child, or if they are looking for just a family album. Afterwards, she discusses wardrobe and what will look best. She describes, “I do wardrobe myself or hire out wardrobe and makeup for any level of glam that the client wants... I like to do more of a natural look. Depending on the specific look or formality, if I can’t do it I hire somebody.”

Approximately 2 weeks after the session, clients come back to her studio where they have an ordering session and they choose the images and collections they love.

She takes the photos and creates folio boxes or fine leather albums. The folio boxes are unique because they are made in Italy and come in leather or vegan leather and hold up to 30, 8x10 matted prints. The mats are also hand cut in Italy too. Her prints are museum grade archival-quality, printed on cotton rag paper so they hold the ink and retain

the color and last for up to 100+ years. Her canvases are also high-quality, made with 100% cotton with a UV protected coating.

She also likes to give back to causes near and dear to her heart. She donates her time and resources to photograph dogs for Oahu animal rescue groups. She hopes to expand her photography business to include pets and horses.

To view Sabrina’s work, go to [www.sabrinazander.com](http://www.sabrinazander.com). or call 808-589-8854.

## HONOLUA BLOMFIELD ON THE LONGBOARD TOUR

Spain hosted a big surf contest that means big points for our Hawaii surfers. Stop number two for the longboard tour was the longboard Classic Galicia. The event unfolded over four days and conditions were varied and challenging. Surf was sizable for the finals and a battle between top ranked Chloe Calmon and our own Honolua Blomfield. The final was tricky with close out sets and Blomfield was leading in the beginning. Waves were short and low scoring but a good mix between longboard and progressive style maneuvers. It was Calmon with the nod and Blomfield taking the 2nd spot. The longboard contingent now moves to New York for the last event. At least three to determine a qualification for the world champion title. Chloe has won two events in a row and sits in the number one spot. Final event to determine the world champ will be in Taiwan. For more info WSL.com.

## BARRON MAMIYA LOOSES AT BIG SPAIN QUALIFYING EVENT

Hawaii top seeded surfer Barron Mamiya lost in the second round of the Abanca Galicia Classic Surf Pro, a ten thousand WSL event. Mamiya was rated 5th on the qualifying tour and this is a big loss as he will plunge down the rankings. Portugal is next for the 10,000 events and the big points then on to Hawaii. Time is moving fast for him to qualify for the elite WSL World Tour.

## DUKES OCEANFEST "LEGENDS" DIVISION WON BY LOCAL SURFER

The North Shore's Robert Snelling and team Monkeypod nose rode to the win at Dukes OceanFest. The team format is considered a fun event but the 22 teams take it pretty seriously. Each surfer's highest waves are scored and the lowest score doubled. Teams surf twice so things get interesting. Monkeypod was killing it in both heats with Snelling at the helm. All surfers were scoring valuable points. Congrats to Snelling and team Monkeypod, it was a big win and bragging points for sure!
