2023 Featured Artist Judd Boloker

Judd Boloker has lived and worked in Honolulu, Hawaii for the past 13 years. His work has been exhibited in local galleries, the Honolulu Museum of Art, and throughout the Mainland at galleries in Chelsea NY, Los Angeles CA, and Scottsdale AZ. Judd is best known for his lei prints, an ongoing series begun in the summer of 2011. The work, currently numbering 75 pieces (and counting), depicts Haku sourced from Lei shops in Honolulu Chinatown to workshops of Hawaii Lei Masters.

Judd first received art training at the age of ten in the basement of a local Long Island artist, and supplemented this training with illustration courses at the Fashion Institute of Technology. The study of Japanese history has brought Eastern influences to his work, while time spent living on both the East and West Coast of the Mainland has exposed him to a wide variety of American culture, landscape, and design elements.

The search for interesting designs has even lead to lei makers living in Japan. The survey's breadth pays homage to the amazing range of work found on the islands, while the vivid presentation style gives the genre a modern twist reflecting the vibrant Hawaiian culture.

Winners of the North Shore's "Battle of the Books" Announced

After a three-year hiatus, the "Battle of the Books" returned to the Turtle Bay Resort in late April. Nearly a hundred Ko'olauloa area elementary school students from five schools competed in this super fun quiz-show-like contest. Teams of readers, coached by parents and teachers, read and studied a selection of thirty-eight books all year and trained vigorously to answer questions for the final competition.

Congratulations to all the participants and winners of the 5th Kahuku Public and School Library's #BattleOfTheBooks!

First place winners each received a grand prize of a helicopter tour ride sponsored by Blue Hawaiian Helicopters. The winners were:

Division I - La'ie Elementary "The Dumbos"
Coaches Melinda Hardman and Maria Draper. Team Members: Noah Ingley, Eliana Draper, Fritz Little, Matthew Hardman.

Division II - Hau'ula Elementary "The Destroyers"
Coach Melissa Faustino. Team Members: Alma Tafiti, Teancum Keo, Brooke Thomas, Maverick Stiles.

Division III - Hau'ula Elementary "Hau'ula Keepers"
Coach Hepua Spalding. Team Members: Pearl Faustino, Joseph Ko'omoa, Hudson Fenn, Mason Ishii.

"Battle of the Books brought our community together and highlighted the educational achievements of the North Shore area students," said Tamara King, Kahuku Public and School Library Branch Manager and event organizer. "We are so grateful to our generous sponsors, and especially our tireless volunteers, teachers and parents, who worked for months to support the students participating in our event."

This year's event was sponsored by the Hawaii State Public Library System, Turtle Bay Resort, Hawaii State Foundation on Culture and the Arts, National Endowment for the Arts, Friends of the Library of Hawaii and Friends of the Library-Kahuku.

Councilmember
Matt Weyer
Serving You in District 2

Aloha Friends and Neighbors,

First of all, I want to extend my congratulations to the Class of 2023! It has been wonderful attending graduations and award ceremonies across the district and meeting O'ahu's promising graduates. Graduation season is a wonderful opportunity to celebrate the accomplishments of our students, our educators, and the friends and family who have helped our future leaders along on their paths.

On May 16th, I had the great privilege of attending the homecoming concert of Kahuku's own Iam Tongi, the winner of American Idol 2023! Throughout his run on American Idol, Iam represented Kahuku, the North Shore, and all Hawai'i admirably with his sincerity, humility, and hometown pride. Iam has used his platform to share the aloha spirit with an international audience consisting of millions of viewers. As the season finale showcased Iam's return to Kahuku High School, his public concert at Turtle Bay which attracted an astonishing 14,000 attendees, and his live performance of Kolohe Kai's 'Cool Down,' all of Hawai'i was beaming with pride. I know that I join the rest of the North Shore when I say congratulations to Iam, and thank you for representing your community with such grace and aloha!

In response to requests from the community, I would also like to share a quick update on Bill 10 (2022), which would revise the City's land use ordinance. At its May 4th meeting, the Committee on Planning and the Economy (P&E) approved a request from the City's Department of Planning and Permitting (DPP) to grant a 250-day extension for consideration of Bill 10. In the meantime, the committee will continue to consider testimony and amendments by land use type. With commercial uses currently under consideration, other land uses such as agriculture and utilities will be considered in the coming months, should the committee chair continue consideration of the bill under this framework.

It is important for the North Shore community to maintain an active presence in Honolulu Hale, so please do not hesitate to submit testimony on any measures of interest. Please also feel free to contact our office at mweyer@honolulu.gov or (808) 768-5002 to share your input or if we can be of any assistance. Thank you for your continued engagement, and mahalo for all that you do to support a lively, friendly, and prosperous North Shore! Congratulations again to Iam Tongi and to the Class of 2023!

Mahalo,
Matt

Iam Tongi's concert at Turtle Bay

Congratulations!

"We would like to congratulate all of our 6th grade sharks on their graduation from Sunset Beach Elementary school! We are so proud of you, and can't wait to see what you will do as you move forward with your education. We hope

you always remember your time in elementary school. Keep up the great work, and GO SHARKS!"

2023 Featured Artist Steven Kean

A Pennsylvania native residing on the North Shore of O'ahu since 2008, Steven Kean is an artist working primarily in the woodcut method of relief printmaking. Woodcut is a technique where the artist carves into a block of wood, leaving raised areas to receive ink. The inked block is then printed on paper. His work is a collection of coastal and wave studies utilizing this technique and has been showcased internationally, here in the islands & throughout the U.S. Kean is also a teaching artist at the Hawaii State Art Museum and is continually seeking creative growth as a working professional artist in Hawaii.

North Shore Chamber of Commerce News

Haleiwa 4th of July Fireworks Festival

HALEIWA 4TH OF JULY FIREWORKS FESTIVAL returns this year Tuesday, July 4th at Haleiwa Beach Park from noon-8pm. Be on the lookout for more information on www.gonorthshore.org or call the North Shore Chamber of Commerce at (808) 637-4558.

Board Dedicated to Improving our Community

The North Shore Chamber of Commerce welcomes the new Board of Directors members elected at our April 26th General Membership meeting: Dave Fuga (KT Protection Services), Erica Lemkuhl (Seaside Realty), and Michael Sweetman (Law Offices of Einwechter & Hyatt and new Chamber Recording Secretary). Long-term Board member Bill Martin was re-elected. In addition to those previously mentioned are the following continuing Board members: Mike Biechler (Chair, North Shore Law Offices), Carol Philips (Vice-Chair, North Shore Surf Girls), Marcia Murphy (Treasurer, Pacific One Mortgage), TJ Cuaresma (Historic Chair, Tita Ei Nei Productions), Lamont Brown (Maya's Tapas & Wine), Nicolas Vargas Calvo (World Class Notary), Thomas Donovan (Turtle Bay), Thomas Naylor (Ke Nui Kitchen), and Mary Wood (Member at Large).

Huge Mahalo to Marianne Abrigo

The Chamber of recognizes Marianne Abrigo of Marianne Abrigo Properties in Haleiwa. In business since 1974, she served as Chamber Board member for more than 30 years. She decided to retire from her Board position in April.

Besides working for the Chamber in many volunteer roles, she most recently was recording and corresponding secretary for several years. She has brought knowledge, common sense, and stability to the Board, and she will be greatly missed. However, we suspect she won't be a stranger.

A huge mahalo, Marianne, for your many years of service to our North Shore community!

SURFRIDER WANTS OUR SEWER SYSTEMS FIXED!

The Surfrider foundation is hard at work to press local and state governments to fix our sewer system infrastructure. They have been also evaluating the water near where we surf and swim. The results are showing harmful bacteria and viruses due to local sewage pollution. One of the locations is in Haleiwa near Anahulu Stream. The levels are reported very high 80 percent of the testing times. Another giant problem is our sewage plants are not up to par with the amount of water they have to handle. We all know when it rains some of the systems if not all over-flow making us sick and polluting our surf breaks. "Enough is enough. We can't keep allowing worn-out, failing wastewater treatment systems and facilities to quietly dump sewage into our ocean and pollute our beaches", expressed Dr. Chad Nelson, CEO. You are invited to join the Surfrider Foundation and/or volunteer. They are a special organization who work very hard demanding our government to fix these problems. Help protect our oceans by repairing your own sewage systems.

MICROPLASTICS ARE IN OUR BODIES, OUCH!

Scientists have been studying plastic pollution for years and how it is affecting us. They have found plastics in fish we consume and in the air we breath. Everything is made of plastic, plastic, plastic and more plastic! In our homes the fragments from our rugs, containers, brushes, bottles are floating in the air and we are breathing it in. Not only has plastic fragments been found in human lungs but also in the blood that is being donated. Our bodies are able to dispose of some of these pollutants but little is known about how it is affecting our bodies and brains! Let's all get into the habit of reducing our plastic use!

INTERNATIONAL SURFING ASSOCIATION WORLD LONGBOARD EVENT AND OLYMPICS

The leader in surfing Olympics, the ISA, International Surfing Association, held its World Longboard competition in El Salvador. The waves

were pumping the entire competition with heights of 4-6 feet during the event. It was the country of France who won team gold. Brazil took the silver medal and Peru bronze. The United States was 5th overall behind the Philippines. The ISA will be hosting the surfing Olympics in July 2024 through July 29th in French Polynesia, at Teahupo'o. The area recently suffered a historic flood where cars were washed into the ocean along with refrigerators and all. They are asking for donations to repair the damage! Donate here

NORTH SHORE REAL ESTATE TRENDS

by Richard Sterman (R)
of Sterman Realty

North Shore Real Estate

In the last year, mortgage rates have doubled yet our prices have not come down by much, if at all. This is mainly due to owners not wanting to sell homes with a 3% mortgage only to try to buy a new home with a 6% mortgage.

Low inventories and the continued threat of inflation keep our prices higher than expected, even now with a threat of recession on the horizon!

So - should you wait for mortgage rates to come down or an actual recession to hit? My advice is - if you find that perfect home you can afford, buy it now. If you wait for rates to come down - there is a good chance everyone else will be looking to buy at the same time causing you to either miss that property or pay a higher price. Also, recessions are no guarantee of lower real estate prices!

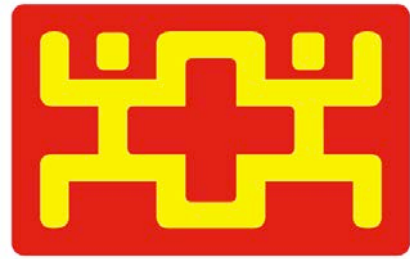

Buyers that buy now (even on an Adjustable Rate mortgage) can always refi when the rates come down in the future!

Richard Sterman has been serving North Shore's real estate needs for over 40 years. He is the owner and Principal Broker of Sterman Realty, the largest Full-Service real estate company on the North Shore. You can contact Richard by emailing Richard@Sterman.com, going to www.Sterman.com or just calling 808.638.8600.

Congratulations Graduating Seniors of 2023!

Best Wishes from Giovanni's

KO'OLAULOA HEALTH CENTER

Koolauloa Health Center is proud to support Kahuku High School students with aspirations to pursue college educations and careers in healthcare. At KHC we believe that everyone deserves quality healthcare and that cultivating home-grown talent is part of achieving that goal. Congratulations to our scholarship award winners of 2023.

Mele Taumoepeau is a scholar-athlete with intentions to study biology and go into a career in medicine. Kahuku High School's 2023 class valedictorian, Mele maintained her amazing grades while serving as captain of the OIA champion volleyball team, playing basketball, and singing in the school choir. Motivated by the health challenges of family and Polynesian community members, Mele wants to use her education to help people stay healthy. Mele currently serves as a student intern at KHC's Kahuku Clinic.

Hehea Pulotu is headed to Dartmouth College in New Hampshire this fall as a recruited scholar-athlete.

Her dream is to move on to medical school and a career as a neurosurgeon. Her challenging classwork was heavily focused on sciences related to health

and biology. During COVID she volunteered at Kahuku Medical Center. In addition to serving as president of HOSA (Health Occupations Students of America club). Hehea loves to cook, bake French pastries, and plays volleyball and rugby!

BACK TO SCHOOL
Operation Backpack 2023

HOW CAN YOU HELP?
 A monetary donation will sponsor a backpack loaded with school supplies needed for each grade (K-12).
 Checks can be made and sent to:
 North Shore News or Once A Month Church
 PO Box 117, Haleiwa, HI 96712

For more information or credit card/online donations please call Linda at (808) 780-8037
 This year the Operation Backpack team will be working with area schools to distribute backpacks. Organizations and businesses interested in sponsoring backpacks or school supplies please contact Linda. Donation drop off dates/locations will be mentioned in the June 28th NSN.
 Mahalo from North Shore News, Once A Month Church & North Shore Food Bank

Bottles 4 College

By Penny Nakamura

There probably aren't a lot of 12-year olds who see a pollution problem, look for a solution and then turn that solution into a non-profit organization that turns trash into money for college, but that's exactly what Genshu Price started a few years ago.

Living on the beach, between the North Shore and the Windward side of the island, Genshu and his younger brother, Mic-key Price, 7, noticed a lot of plastic bottles and aluminum cans floating onto shore, and after constantly picking up the waste in front of their home, Genshu came up with an idea that has now become the Bottles 4 College campaign.

"The mission is to create actionable items we can all do," said the now 15-year-old Genshu, in front of a large collection station at his family's home. "Hawaii is our paradise, and we all want to have an environmentally healthy lifestyle, and through Bottles 4 College, we are able to educate about our environment, and at the same time, provide money for our keiki going to college."

So far, one million cans and plastic bottles have been collected and kept from the landfills, and that will provide two, \$10,000 scholarships for two high school seniors who plan to go to college.

"We estimate about 60,000 pounds of trash has been diverted from the landfills," said Genshu, as he sorted through thousands of water bottles. "We've worked with various high schools on the island with leadership classes who organize recycling drives, we canvas and talk to people, and we were at all the major surfing competitions this winter on the North Shore, with our Bottles 4 College collection bins."

So passionate is the Price family about the environment, mom and dad help Genshu, with driving loads of recyclables to the recycle stations, which they estimate is about fifteen thousand cans and bottles every week.

Brother Mic-key is also part of the United Airlines Malama Aina campaign commercial, that is shown on every inbound UAL flight to the islands about sustainable practices and preserving the environment for generations to come.

"When Genshu was just 11 or 12 years old, I remember he used to take his little wagon around the neighborhood, door knocking and collecting cans and bottles," said his mom, Maria Price. "He's always been so passionate about the environment, even now, him and Mic-key will sift the sand in front of our house for micro-plastic waste, which hurts the marine life."

If you're willing to save your plastic bottles and aluminum cans, Genshu and his dad, Mike Price will come to your North Shore neighborhood for free to collect it, but you may have to be a bit patient, as Genshu must keep up with his own school hours.

"We take any plastic bottle that has the "HI 5 cent" label, and of course all aluminum cans," said Genshu. "But please take off all lids from bottles, because it's a lot of extra work to take off lids when we sort here."

Genshu said Bottles 4 College is also looking for a North Shore business, school, or organization that would be willing to sponsor a monthly recycling drive where North Shore residents could drop off their recyclables.

"Over 900 million cans and bottles are sold in Hawaii annually with less than 25% of them being redeemed at a recycling center," said Genshu. "Bottles 4 College has recycled over 1 million cans and bottles and that makes up less than 1% of all cans and bottles, so we have a long way to go."

For more information about bottle/can pick-up or for more college scholarship details, please visit their website: <https://bottles4college.weebly.com>

Genshu Price gathering bottles and cans during spring break for his 501(c)3: Bottles for College

The Waialua Community Association congratulates the Waialua and Kahuku High School graduating class of 2023. We wish each and every one of you a glorious and blessed future. Remember that "Your life is your story, and the adventure ahead of you is the journey to fulfill your own purpose and potential."

Kerry Washington

The best to all of you in your future endeavors.
